THE
Massachusetts Institute of Technology
BOSTON.
HENRY S. PRITCHETT, LL.D., President.

THE MASSACHUSETTS INSTITUTE OF TECHNOLOGY offers courses, each of four years' duration, leading to the degree of Bachelor of Science, in Civil, Mechanical, Mining, Electrical, Chemical, and Sanitary Engineering, in Architecture, Chemistry, Physics, Biology, Geology and Naval Architecture. A less technical course, in General Studies, is offered to students wishing to qualify themselves for business pursuits.

To be admitted to the first-year class, applicants must have attained the age of seventeen, and must pass satisfactory examinations in Algebra, Plane and Solid Geometry, English, History and French (or German), they must also show preparation in one of a series of elective subjects.

A division of these entrance subjects between two successive years is, with certain restrictions, permitted.

Entrance examinations are held at the Institute in June and September of each year. In June, applicants are examined in New York, Philadelphia, Chicago, and other principal cities. A circular stating times and places is issued in advance, and will be mailed on application.

Graduates of colleges and scientific schools are admitted, without examination, to such advanced standing as is warranted by their collegiate training.

PUBLICATIONS.

The Annual Catalogue, the Report of the President and the Treasurer (issued in December), and any of the following descriptive circulars, will be mailed free on application.

Massachusetts Institute of Technology: an illustrated pamphlet describing the laboratories of the Institute.
