Athletic Meet.

It is much to be regretted that the dual meet with Brown had to be postponed. Of course the rain of the preceding two weeks had put the track into very poor condition and had handicapped the men in their training, but this would have acted with equal force on both colleges, and could hardly serve as a final reason for postponing the most important meet of the year for Tech.

There is little possibility now of arranging for another meet this season. The only date suitable for Tech is May 11th, but as Brown has a dual meet with Dartmouth on the 8th, it is not likely that they will care to run against our team three days later.

Although Ray Murray, '01, who for the past three years has held the N. E. I. A. A. Championship in the bicycle race, will not ride this year, it is said that in J. H. Carr, '01, Tech has a rider who, with good training, ought easily to uphold Murray's record.

The outdoor meet to be held on Saturday at the Riverside deserves alarge attendance, as it will probably be the only athletic meet which Tech will have this spring around Boston. Not only will it decide the inter-class championship for the year, but it will show definitely who our best athletes are, and those on whom our chances will depend in the Worcester meet.

Spring Concert and Dance.

The Spring concert and dance of the Musical Clubs was held on Thursday evening of Junior Week in Paul Revere Hall. The hall was very well filled and the clubs received flattering applause for most of the numbers rendered. A solo, selected, by Mr. Hooker of the Glee Club was very well received, as well as the encore to which he responded. The Banjo Club was the universal favorite of the evening and responded to several encores; Mr. Boyd's arrangement of "Tutti Frutti" calling forth particular appreciation. "Salome," by the Mandolin Club, was nicely given, and the Glee Club received deserved recognition in the last number on the program—"Schneider's Band." Mr. Seaver and the Glee Club gave as an encore to this number, "Predicaments," which was so well received last year when Mr. Van Merrick sang the solo part. The piece was equally well done this year.

After the concert the hall was cleared and the audience reentered to enjoy the dance, which was an exceedingly pleasant part of the evening's program. The entertainment throughout was well managed and proved one of the most enjoyable events in Junior Week.

The matrons were Mesdames Pritchett, Tyler, Chandler, Swain, Clifford and Ripley.

Buffalo Exposition Notes.

The plans for the opening of the Pan-American Exposition have been interfered with by the late heavy snow storm, which struck the Rainbow City unawares. The gates will be thrown open to the public on May 1st, but there will be no special ceremony on that date as has been planned. The inauguration and dedication ceremonies will be held on May 20th, which has been designated as Dedication Day.

The energy of the Exposition management will from this time be concentrated upon the making of the Exposition complete for the enjoyment of early visitors.

When the storm came 4,000 men were at work on the Exposition. Of these 1,500 were employed outdoors preparing the courts and landscape, and they were forced to quit and remain idle for several days. During this interval the force of workmen has been doubled; the number now being 8,000, and they are working in two shifts of eight hours each to hurry the Exposition to completion for the opening day. The injury to buildings and otherwise, and the interference with
