Triangular Meet.

On last Saturday afternoon was held the first of the series of annual athletic contests between Dartmouth, Tech and Brown. The day was fine though the high wind blowing made it difficult to do good work. The final score was: Dartmouth, 64½; Tech, 48; Brown, 22½.

With the first few events Tech and Dartmouth drew ahead of Brown, and it became a close and exciting contest between the two for the championship of the meet. During the earlier part of the meet Tech led, and it looked as if the meet were coming to us. Then Dartmouth "took a brace," and from this time until near the close of the afternoon the lead alternated between the two teams. Finally, Dartmouth, by winning the 220-yard dash and hurdles, forged so far ahead that it became impossible for Tech to catch up, and the day went to Dartmouth.

Over two thousand enthusiastic spectators were present to cheer the contestants on with yells and waving of flags. President and Mrs. Pritchett attended the contest and appeared to enjoy the games immensely. The Tech band was present and joined in by playing some popular piece whenever a Tech man happened to be doing well. Dartmouth men were also in evidence, and when their team forged ahead they enlivened the air with their jubilant yells.

Though the meet was won by Dartmouth, Tech showed herself to be no mean opponent, and if she confines herself to this line of contests she ought to turn out a team second to none of the smaller colleges.

The meet was a very interesting one in every respect. The dashes and hurdles were easily won by Dartmouth, while in the mile and half-mile runs Tech secured an easy victory. Brown did well in the two-mile run and bicycle race. In the field events Tech and Dartmouth were about even, Tech winning first and second in the shot put and nearly everything in the pole-vault, while Dartmouth won the hammer-throw and broad jump.

In the dashes and hurdles, Smith, Neal, Edson and Pattee, all of Dartmouth, came in easy winners. The 220-yard dash was won by Smith in 22½ seconds. This is in ½ second of the world’s record, though he had a strong wind in his favor. The half-mile and mile were splendid victories for H. S. Baker of Tech, who lowered the Tech half-mile record from 2–6½ to 2–3. The two-mile run was between Doughty of Brown and Campbell of Dartmouth, for first place; while Hardy of Brown and Riley of Tech were fighting it out for third place. First place was easily won by Doughty, and Hardy came in third with Riley close after him.

In the field events G. A. Curtis was the star point winner of the day, taking a first in the pole-vault and tieing with Smith of Dartmouth for first in the high jump. Curtis established a new Tech record in the pole-vault, clearing the bar at 10 feet 8½ inches. Eastman, also, of Tech, nearly succeeded in clearing the bar at that height.

In the weights Morrill and Winchester, both of Tech, beat Dartmouth’s crack man, Newman, in the shot-put, while in the hammer-throw Patterson and Sandborn of Dartmouth took the first two places. H. T. Winchester of Tech won the discus by a throw of 108 feet, 6 inches.

The two-mile bicycle race was won by Dencó of Brown. The time was slow, due probably to the high wind blowing.

The summary:

**Track Events.**

**100-yard Dash.** — Won by G. K. Pattee, Dartmouth; second, W. B. Boggs, Tech; third, T. P. Hubbard, Dartmouth. Time, 10½ seconds.

**1-mile Run.** — Won by H. S. Baker, Tech; second, Doughty, Brown; third, Handy, Brown. Time, 4 minutes, 43½ seconds.
