Watch THE TECH’s bulletin for newspaper clippings.

Technique, ’05, at $1.50, and cancelled tickets, can still be obtained at the “Cage.”

The “Christmas Carol” themes are being returned by Professor Bates, according to the order posted on the bulletin board.

Any man interested can find ample opportunity for summer work by consulting the Civil Service Exam. Schedule in Roger’s Corridor.

There are still a number of the Tech Show Scores left at the “Cage.” The management desires that all those who signed for the scores call for them at once.

The Summer Mining School is well explained in a circular posted on the general bulletin board. Men taking the work and finishing with credit can anticipate some of their mining work. Harvard and Yale also make this provision.

At a meeting of the Walker Club, held in Room 44, Rogers, last Friday, the following officers were elected for the ensuing year: W. C. Marsh, president, and L. W. Hammett, secretary-treasurer. Owing to a technicality, no executive committee men were elected, but it was provided that these be elected at the first meeting of next year. J. Madero, R. S. Beard, and O. Bates were elected to the Club.

On May 14 the Hare and Hound Run was held at West Roxbury. Although very few men came out, the run was one of the pleasantest held this year. The course was between eight and nine miles, and led indirectly to Dedham, and then back to West Roxbury by a different route. Myers, ’05, and Starkweather, ’07, were the hares. Ruggles, ’06, Holmes, ’07, and Walsh, ’06, got first, second and third places, respectively.

The Missouri Club held its final dinner of the year at the Union, last Friday night. The dinner was in honor of the graduating members, and was well attended. President Jones presided, and called upon several members for toasts. Toasts to “Joseph Folk,” “The Louisiana Purchase,” and “The Seniors,” were enthusiastically applauded. The Class of 1901 was holding a dinner in the next room and exchanges of good feeling were voiced in numerous yells. The Club has decided on July 5 as the date of the grand reunion in St. Louis.

It is announced that the die for the Cabot medal has arrived from Europe. The main figure is that of a splendid specimen of perfect manhood, standing erect. Both arms are extended; one hand supports the figure of a winged victory, the other a palm branch. The reverse will tell for what reason the medal was awarded. This side shows just a hint of Rogers at the top. It will be remembered that the medal is the gift of Samuel Cabot, who is the donor of the Field Day cup, and the gentleman to whom this year’s Technique is dedicated. The medal will be given to those who have shown the most marked physical development during the year, as a result of careful training.

Meeting of Corporation.

At the recent meeting of the Corporation of the Institute, the following promotions were made: C. L. Adams, to be Associate Professor of Drawing; Dr. William D. Coolidge, Assistant Professor of Physico-Chemical Research; Dr.
