Topographic and Field Geology.
The attention of students in Topographic Geology is called to the course of lectures on "Selected Chapters in Physiography" by Prof. Albrecht Penck of Vienna, Austria, given in Huntington Hall on Tuesday and Friday evenings at 8 o'clock. The series of lectures are as follows:
November 1, "The General Grade of the Land Surface." November 4, "The Formation of Valleys." November 8, "The Formation of Plains." November 11, "The 'Karst' Phenomena." November 15, "Glaciated Mountain Regions." November 18, "Glaciated Plains." November 22, "The Forms of Deserts." November 25, "Climatic Features in the Land Surface." Tickets with reserved seats for the entire course may be secured free by applying to Dr. Johnson.
This course of lectures is directly in line with the work in Topographic Geology, and will prove of great value to the students, all of whom are urged to attend.
D. W. JOHNSON.

Doubles: Lightner and Greeley vs. Nicholl and Hosmer, won by Lightner and Greeley.

Mechanical Engineering Society.
Next Saturday there will be an excursion to the I. Street Plant of the Edison Electric Illuminating Company.
This promises to be an interesting visit, as one of the 5,000 K. W. Curtis Turbines is already in station service, and the other is being installed.
The following Wednesday, Mr. I. E. Moulthrop, mechanical engineer for the Edison Company, will give a talk on the plant before the Society in Room 11, Eng. B, at 8 P.M. The talk will be illustrated by numerous slides taken during the construction of the plant.

Will the two men who helped me carry an injured woman through the crowd Wednesday evening, kindly leave their names and addresses at the Cage. The President desires a joint statement. S. P. THACHER.
