CIVIC CLUB.

Lieutenant Governor Guild addressed Wednesday Evening's Meeting.

Mr. Curtiss Guild, Lieutenant-Governor of Massachusetts, addressed the Civic Club Wednesday evening at the Tech Union. Twenty-five men were present. Mr. Guild spoke on "The Duties of a Citizen."

In beginning, Mr. Guild said that men should not only lead the engineer's life but should do their share on "The Duties of a Citizen." The Civic Club then voted to accept the "Duties of a Citizen." Twenty-five men were present. Mr. Guild related some stories to show what true citizenship really means.

Educated men should not try to shirk jury duty. An intelligent jury returns a righteous verdict, but an uneducated jury returns a corrupt one. Militia men are laughed at, yet, the militia is an important part of our government. It serves as a reserve line for the nation in war, and for the police in peace. The militia men are "real American citizens."

Every politician is caricatured and made fun of, but it is not the abuses of him at the time that people remember but the results of his work. Our greatest men have been reviled while they lived. These are only the hard bumps of the game of politics.

Many humorous stories concerning Mr. Guild's experiences in campaigning in the West and South greatly enlivened the address, for he proved to be an excellent story teller, and his supply of laughable anecdotes seemed to be unlimited. At the close of the meeting, R. P. Low, '97, was elected to membership.

At the next meeting of the Club, February 14, an informal debate will be held. The men who are to represent the Civic Club in the debate with the Walker Club will be chosen that evening.

DIRECTORY

Since no directory of Tech activities and interests appears until Technique is issued in the Spring, this Tech has made an effort to compile a "pocket edition" of such a directory. All organizations directly concerned in Tech life, together with the names of the principal officers, are given. We hope our directory will find general use among the officers and students of Technology, and serve also to acquaint other colleges with our organizations.

ATHLETICS.

President, Le B. Turner; Secretary, H. J. Mann.

Basket Ball.

Captain, H. C. Blake; Manager, S. C. Coey.

Hockey.

Captain, C. H. Loutrel; Manager, H. S. Wilkins.

Cross Country.

Captain, E. H. Lorenz; Manager, L. P. Myers.

Fencing.

Captain, J. Lage; Manager, C. E. Warren.

Tennis.

President, P. B. Stanley.

Golf Association.

Captain, F. S. Krag.

CLASS OFFICERS.

1906.

President, W. D. B. Motter, Jr.; Secretary, R. H. W. Lord; Treasurer, E. C. Weaver.

1907.

President, H. L. Williams; Secretary, S. C. Coey; Treasurer, H. W. Streeter.

1908.

President, J. H. Leavell; Secretary, F. S. McGregor; Treasurer, D. G. Robbins.

1909.

President, F. H. McCalla; Jr. Treasurer, T. W. Orr.

Institute Committee.

President, W. D. B. Motter, Jr.; Secretary, Nugent Fallon.

Senior Portals.

Chairman, E. B. Hill; Secretary, R. W. Senger.

PUBLICATIONS.

Technique 1908.

Editor-in-chief, Maxwell A. Coe; Secretary, J. T. Lawton; Business Manager, C. F. W. Westerh.

The Institute.

Editor-in-Chief, H. E. Darling; Secretary, W. M. Sage; Business Manager, E. M. Berliner.

The Tech.

Editor-in-Chief, C. T. Bartlett; Managing Editor, N. Lombard; Secretary, W. H. Trask.

Technology Quarterly.

Editor, Robert P. Bigelow.

Technology Review.

PROFESSIONAL SOCIETIES.

Society of Arts.

President, H. S. Pritchett; Secretary, Samuel C. Prescott.

Civil Engineering Society.

President, H. M. Naborstol; Secretary, L. B. Bode.

Mechanical Engineering Society.

President, G. D'W. Marey; Secretary, J. H. Flynn, Jr.

Mining Engineering Society.

President, R. H. Allen; Secretary, H. Kibbey.

Architectural Society.

President, S. T. Strickland; Secretary, E. C. Lowe.

Chemical Society.

President, W. H. Keen; Secretary, J. F. Norton.

Electrical Engineering Society.

President, J. P. Barnes; Secretary, W. W. Loomis.

Naval Architectural Society.

President, S. A. Calne; Secretary, C. A. Anderson.

Continued on Page 3.

HUNTINGTON HALL FRIEZE.

The Original Drawings Have Been Purchased.

On January 11, the original drawings of the cartoons in the Huntington Hall Frieze were purchased from Mrs. Nefflen. All except $15 has been subscribed toward the total amount and it is hoped that it will not be long before the drawings will be completely paid for. The next number of the Technology Review will contain engravings of the best cartoons illustrating an article by Mr. F. A. Bourne, '95, on the movement to replace the Frieze.

HARVARD vs. TECH.

The Tech Hockey Team was defeated by Harvard, last Wednesday on Soldiers Field. The Harvard team played an excellent game throughout, especially the forwards, whose accurate goal shooting was a feature. Tech played very loosely, and showed little team work, but this may be overlooked, as the poor feature of the rink has prevented practice for more than a week.

The next game will be with Andover, at Andover, on Saturday, January 14.

The following was the line-up in the game with Harvard:

Harvard, Folt (D. Wagstaff), 1. e., Townsend; c. p., Callaway, r. e., Wilder (Poste, Ramsey), r. e., Newhall; c. p., Grant (Sard), r. e., Tilden; c. p., Tylee, p., Redding, g.

Notices.

Only sixty-five ballots for the Junior Prom Committee were received up till 1 p.m. Thursday, the time set for the closing of the election. The time has therefore been extended to 1 p.m. Saturday, January 14. Leave ballots at the Cage for Election Committee.

Basket Ball.

Technology was defeated by Harvard yesterday in Basket Ball by a score of 20 to 14 at the Hemway Gymnasium. At the end of the first half the score stood 9 to 7 in Technology's favor. The game was snappy and well played, the result being in doubt until the last two minutes of play.
