Those who remember the B. A. A.
Meet of two years ago cannot but
note the contrast between
The Track the showing Tech made
Team, at that time and that
which was made last Sat-
urday night. That Tech could not
do as well as many of the secondary
schools, and could not in the team
moves make it even interesting for
her opponents, is evidence that
something is radically wrong with
our track athletics this year. Either
the best men are not trying in an
earnest way, or else they are not
properly being trained.
If we are to have a creditable
Track Team this Spring it must be
the result of a lot of hard, self-sacri-
ting work on the part of all those
concerned. Nor must the under-
graduate body neglect its own large
part in the making of a successful
Team. The student body cannot re-
mained passive participant-onlooker
has almost been written—and expect
the men on the Team to win their'
meets. At least a reasonable amount
of interest and encouragement must
be shown if the Track Team is to be
at all representative of Technology.
The Indoor Meet, which occurs
Thursday evening has always proved
a good index to the quality of
the Track Team which we are to have
during the succeeding Spring. It is
strongly to be hoped that the meet
this year will have not only a large
list of entries, but also an enthusi-
astic attendance.
Tonight, at eight o'clock, the Tech
Varsity Basketball Team plays
Harvard, and the Second
Tech Men Team plays the Harvard
Out! Second. Come out and
help them win! The
student body has not shown the
right spirit during the present Basket
Ball season. There have been
some men who have supported the
teams faithfully, but they have been
exceedingly few.
You can certainly spare an hour
or two for this game, which will be
well worth seeing simply as an exhi-
bition of basket ball, and by doing
so can help to give the men their
much needed and well deserved en-
couragement. Harvard's scores this
season show an unbroken record of
victories. Come out and help Tech
defeat her!
In regard to the call for men for
the Show there is no necessity of
saying anything to the
Are You
man who have taken part
Undecided? in previous years. They
know the far and the
benefit that come to participants and
will be on hand this afternoon.
To those who wish to try for the Show
but are for one reason or another
undecided, it may be said that, while
the principal parts require consid-
erable ability, it is generally found
possible to find a part in the chorus
or ballet for all those who try con-
sistently for a place. If you have
the alightest talent or desire to take
parts, you should certainly attend the
meeting at the Union this afternoon.
WOODLAND PARK HOTEL
AUBURNDALE, MASS.
