The Tech wishes to call the attention of Seniors and Juniors to the current opportunity offered them. Just now for becoming members of the Tech and to Juniors members of the Tech and Seniors' Association, the underclassmen are invited to join. The initiation fee of ten dollars is now due. By joining as an underclassman, the initiation fee is entirely avoided. The yearly fee is merely nominal.

The advantages of membership are many. The club furnishes a convenient place for entertaining friends or visitors. The monthly smoker is very attractive. The opportunity of meeting and becoming acquainted with Technology's graduates and faculty cannot be overestimated.

Any member of the Club will gladly furnish information to prospective members, and we feel sure that Dean Burton would like to speak on this matter to any one who is interested.

X. M. G. A. Notice.
The following men from the Association will meet Professors Burton and Porter and Mr. J. E. Smiley, to discuss plans for obtaining a graduate society, at 4:15 r.m., in 20 Eng. B, on Thursday: J. C. G. Reeley, R. N. Whitcomb, J. T. Lawton, M. T. Lightner, W. H. Trask, D. G. Robbins and A. A. Longley.

Juniors who want class pictures may get tickets from Stanley or Aldred.

On next Sunday afternoon at 5 o'clock, a Special Vesper Service will be held in the First Church, corner of Berkeley and Marlborough Streets. The service will be largely musical, with a brief address, and is designed in all its features to be of especial interest to students. The church is open to everyone and all seats are free.
