**SENIOR DINNER.**

_Last Class Dinner at Tech Union Last Night._

One hundred and thirty-three Seniors gathered together last night for their class dinner. Yells and songs innumerable kept things lively and put the men in a receptive mood for the excellent speeches which followed the dinner.

G. W. C. Whiting acted as toastmaster for the evening and was introduced by President T. D. Monroe as the first speaker. Mr. Monroe spoke on getting through life's 'Post Graduate Course,' illustrating his points by some amusing stories. Loyalty to the Institute, he thought was a valuable asset in life's account.

Mr. Homer S. Albers, the second speaker pointed out some advantages and disadvantages of great wealth. Prof. Sedgwick followed Mr. Albers. T. E. Jewett spoke on the Senior Portfolio. The team has this spring. E. B. Hill spoke on storing the Huntington Hall Frieze hanging in the gymnasium door, and urged the Class to make a present of part of the Frieze on Class Day. Mr. Bourne '95, was introduced and he told the history of the Frieze.

B. E. Lindsley spoke on Track Athletics at the Institute, and of the good prospects our track team has this spring. E. B. Hill spoke on the Senior Portfolio. The dinner was a great success in every way, and was heartily enjoyed by all those present.

**Handicap Meets.**

On account of the scarcity of entries, the handicap meets will be postponed one week. The first event will be the running high jump (6-inch limit), which will take place March 7, at 4.30 p.m., at the Gym. Entries must be made in the book hanging in the gymnasium door, as soon as possible. The pole vault will be held on March 14, and the shot put on March 21. It is to be hoped that there will be a large number of entries, in order that new material may be brought out. No entrance fee is required. Silver and bronze medals will be given in each event. These medals will not be given to men who do not report for daily practice, or who do not enter their names in the blue book.

**BASKET BALL.**

Tech, 37, Holy Cross, 18.

The Tech Basket Ball Team defeated the strong Holy Cross Team, by the score of 37 to 18, at the Exeter St. Gym, Wednesday evening. The game was the fastest seen here this season. Tech outplayed her opponents in every department of the game scoring almost at will. During the first half both teams played a strong game, Tech continually shooting and the Holy Cross team playing a defensive game. At the end of the half the score stood, Tech 16, Holy Cross 4. Of this score, two points on each side were obtained from free throws. In the second half Tech kept up her good playing and although Holy Cross played a better game than during the first half she was clearly outclassed. The final score was Tech 37, Holy Cross 18.

This is the first time that the Holy Cross Team has been defeated this season, although they have played against the leading college teams including that of Harvard during the season.

The line up:

**TECH.**

Blake, M. F.

Stevenson, R. F.

Barleigh, R. F.

Spring, L. D.

Wentworth, C.

Hogarty, C.

Matheson, B. F.

Reed, (Foley) 1. B.

Wiggles, 1. B.

Connors, R. B.

**HOLY CROSS.**

Blake, M. F.

Stevenson, R. F.

Barleigh, R. F.

Spring, L. D.

Wentworth, C.

Hogarty, C.

Matheson, B. F.

Reed, (Foley) 1. B.

Wiggles, 1. B.

Connors, R. B.

Toilet: Goals made by Wiggles 5, Matheson 6, Blake 5, Wentworth 9, Burleigh, Stevenson 9, Spring 3, Hogarty. Goals from fouls, Blake 8, Spring 4. Referee, Goggin, Hehir. Time, 20 minute halves.

The game between the Second Team and South Boston High, was postponed by the South Boston Team.

**Technology Review.**

The January number of the Technology Review contains a very interesting article on "Mapping the Grand Canyon." The article deals with the life of the party who made the survey during 1902-1904. It is illustrated with interesting photographs.

Other articles of interest are "Centennial Commemoration of William Barton Rogers," "Annual Meeting of the Alumni Association," and "The Technology Fund."

**TECHNICAL EDUCATION ABROAD.**

A Comparison with that in the United States.

Technical education abroad finds its best development in Germany. The characteristic feature of the German system is specialization. It is always presumed that the young man has definitely determined the career upon which he expects to enter and that he will shape his education accordingly. By this it is meant that a selection is made, not merely of the industry or trade, but also of the grade of employment, whether as a skilled artisan, a foreman or superintendent, or as a general manager or employer. The facts of this, judged by American standards, is its lack of elasticity and consequently of stimulation to individual effort.

England has some finely equipped technical schools, though none equal to the best in the United States. France is notable for the elaborate system and generally wide geographical distribution of graded technical institutes. Austria, like France and Germany, has a well arranged system of industrial schools; the most admirable feature of Austrian technical educational opportunities is the high development of the industrial museums. The Belgium trade schools are of high rank, as are most other colleges of that country.

Maine Club Organized.

Twelve Maine men met in 29 Rogers yesterday at 1 p.m., to form a Maine Club.

W. F. Smart, '95, was elected temporary chairman and C. V. Danforth, '05, W. A. Clark, '05, J. R. Chadwick, '07, were appointed as a committee to draw up a Constitution and By-Laws.

Track Team Dinner.

Invitations for the Track Team Dinner have been left at the Cage for all men who entered the Fall In- and for the regulars. All members who are actively interested in track athletics, but who did not receive invitations, will be most welcome. This dinner is to take place on March 11, and will be the feature of the usual Saturday night homecoming.

**CALENDAR.**

_Friday, March 3._

4.00 p.m. Lecture on "Electricity in Mining," by Mr. T. W. Sprague, 2 Rogers.

4.00 p.m. Trials for the Mandolin Club in 31 Rogers.

4.15 p.m. Meeting of men interested in discussion of playrights and current plays. Room 11, Rogers.

6.00 p.m. Newton High School Club. Dinner at Tech Union.

_Saturday, March 4._

1.00 p.m. Election for 1907 Technical Electoral Board class. Nominations should be left at the Cage.

**FACULTY NOTICES.**

Stereotomy.

All deficiencies in Stereotomy are to be made up on or before April 8.

A General Secretary for the Y.M.C.A.

At a meeting held yesterday afternoon of representatives from the Faculty, the Boston Y.M.C.A. and the Tech Y.M.C.A., it was voted to employ a general college secretary for Technology next year. Professors Burton and Porter favored the movement as did Mr. J. E. Smiley of the Boston Y.M.C.A. The Boston Y.M.C.A. has offered to give $400 toward the secretary's salary the first year provided the remainder, $350, is raised at the Institute.

Fencing.

An intercollegiate triangular fencing meet will take place tonight at the Gym, between Harvard, Cornell and Technology. Admission 35 cents. Reserved seats 50 cents.

1907 Class Canes.

A meeting of the Senior Class was held in 31 Rogers yesterday at 1 p.m., to present the class canes of 1907. At a meeting held yesterday afternoon of representatives from the Faculty, the Boston Y.M.C.A. and the Tech Y.M.C.A., it was voted to employ a general college secretary for Technology next year. Professors Burton and Porter favored the movement as did Mr. J. E. Smiley of the Boston Y.M.C.A. The Boston Y.M.C.A. has offered to give $400 toward the secretary's salary the first year provided the remainder, $350, is raised at the Institute.

**Bible Classes.**

Mr. E. J. Smiley leads two classes on Sunday afternoons. The Freshman course meets at 2.30 and the advanced course at 4.30 in the Boston Y.M.C.A.
