It can only be a great pleasure to learn about the Junior Prom Committee in recognizing the action just taken by the Advisory Council in recognizing the year's Hockey Team, which was hard and discouraging last season. It proved itself a worthy representative of undergraduate technique.

Notwithstanding the great success that the Junior Prom Committee is meeting in its efforts to make the Prom this year a larger success than ever before, Exclusive, it seems difficult to secure the signatures of members of other classes than their own. Although the Prom is managed by the Juniors, and although the responsibility for its success lies with that class, there should be no more an affair to be enjoyed exclusively by members of one class, than should Technique. Seniors especially should realize this, and endeavor to find amid their pressing duties time to participate in an event which can only be productive of many pleasant memories of their last term at Tech.

Tech Show.
All candidates for the Tech Show must report at the Tech Union promptly at four for rehearsals every day, except Saturday when the rehearsal is at two. Attention is called to the change of dates for the rehearsals during this week.
