Bursar Starts Fund.

Needy Students to be Assisted by Money Realized From Sale of Models of Rogers Building.

Bursar Rand will soon put on sale some plaster models of the Rogers Building. Mr. Rand is raising a fund to help needy students who are not eligible for a scholarship, and will use the profits from the sale of these models as the foundation of the fund.

The original model, which is the work of a second-year Architect, was worked up in modeling clay from the plans in the possession of the Institute, the first floor plan and a perspective. Prof. Barton also had a photograph taken of the front of Rogers. The model was left in a shape that the students at the art school appearance of a penny-bank. It is about three and one-half inches long and two and one-quarter wide. Being on such a small scale it follows only the general lines of the building.

Senior Portfolio.

The Senior Portfolio Committee wishes to remind all men, who have not yet handed in their histories, that they must do so at once to have them included in the Portfolio. Leave of absences at the art school give them directly to E. B. Hill.

Mining Engineering Society.

At a recent meeting of the Society Mr. A. T. Henshaw '06, was elected Secretary of the Society to fill the vacancy left by the resignation of R. Kibby '05, and the following men were elected to membership: W. J. Dervett '06, J. H. Leavell '07, J. S. Copsal '07, J. P. Chadwick '07.

Class Day Committee.

Juniors Win Baseball.

Game Played at Technology Field. 1908 Defeats Springfield H. S.

The baseball season was opened Saturday at Technology Field by a game between 1906 and 1908, which resulted in the defeat of the Freshmen by the score of 19. The effects of lack of practice were seen at all times, and playing was for the most part very ragged. Both teams should improve much now that the ground is in good condition for practice and the weather favorable.

The Freshmen Fencing Team defeated Springfield High School at the Gym, Friday evening, by a score of 5 to 4. The Springfield men con- vinced the Freshmen of the equal footing that their unusual style of handling the foil made the meet exciting. Bou- netteau, captain of the Freshman Team, showed the best form and easily won all of his bouts.

Summary. Won, Lost.
1. Bouneetteau, Tech '08, 3 0
2. Wilbur, S. H. S., 2 1
3. Lange, S. H. S., 2 1
4. Weeks, Tech '08, 1 2
5. Paobecco, Tech '08, 1 0
6. Ellis, S. H. S., 0 3
Total: Tech '08, 5; Springfield, 4.

The first Hare and Hound run of the season was held at West Roxbury Saturday afternoon with twenty-seven men present. The hare, Hunter, '08, and B. S. Clapp, '08, laid a trail of 4j miles through the Bellevue district. The trail was so scattered by the hounds finished 30 minutes behind the hare, whose time was 50 minutes. Howard, '06, finished first, P. J. Clapp, '06, second, Lores, '05, third, Youngerman, '07, Allen, '07, and Adams, '07, were fourth, fifth and sixth respectively. Drake, '06, and Myers, '06, brought in the bags.

One of the features of the event will be the relay races between preparatory schools. There have been divided into three classes and from the number of entries already received there should be a large number of close contests.

Yale Teams Disqualified by A. A. U.

Invitations for the Intercollegiate and Interschool Track Meet to be held at Philadelphia April 29 have already brought forth many replies, which indicate that the meet will be the most successful ever held in the history of intercollegiate athletics.

The most important feature of the meet will be the presence of a number of relay teams and crack individual performers from the more important Western universities. This will be the first time in a number of years that the Western and Eastern college athletes will be seen at one meet in a general meet, and because of this fact the Pennsylvania Meet almost equals the intercollegiate championships in importance.

Chicago's, Michigan, Wisconsin and Minnesota have all accepted invitations to send relay teams, and have also signified their intention of sending teams of individual stars to compete in this class of events. Chicago will bring on its star-quarterback, Wisconsin and Minnesota will make an effort to land the one- and two-mile scholarships. Yale, Harvard, Cornell and Pennsylvania will all have teams in the one-mile relay to attempt to prove the superiority of the East, and nearly all the Eastern colleges of importance have relay teams entered in the different class and distance events. Most of them also have at least one star running team. Most of those entered this year.

One of the features of the event will be the relay races between preparatory schools. There have been divided into three classes and from the number of entries already received there should be a large number of close contests.

Yale's swimming team and basketball team have had several misunderstandings with the authorities of the Amateur Athletic Union. Yale has engaged in matches with teams not formally registered, and said authorities have disqualified the Yale teams. The managers of the teams have been able to get by with the matches without any trouble, but such concessions as are necessary for an amicable settlement will probably be made.

Harvard University has just been bequested $1,000,000 by William W. Wilson, of Pittsburgh, and New York, and $200,000 by James C. Carter of New York.

Cornell is to have a cricket team this year. There is a cricket club also at the University of Penn.

Faculty Notices.

Lectures on Mechanism of Machine Tools for Course II. began April 1.

In the absence of Professor Sedgwick in Europe, Professor Lawrence will act as Chairman of the committee in charge of the graduation exercises.

All students who took a physical examination in the fall are requested to make an appointment with the instructor for a second examination as soon as possible.
