Boston is like a wheel. The spokes all lead to the Hub, and nearly every street brings you to the congested centre, which is so near our store. Washington and Tremont Street here draw close together, and the population thickens to the square yard. If you are in the State House, Parker's, Tremont Temple, Court House, Young's, Kings Chapel, City Hall, Tremont Bldg, Park St. Church, Subway, Tunnel, Park, Beacon, Court or School Streets,

or on your way to either the NORTH or SOUTH UNION STATION, you are very near to the most complete stock of Drugs and Pharmaceutical Supplies in Boston. A drug store for over half a century. The best place in the city to have Prescriptions accurately prepared from fresh, pure drugs of standard quality.

UNDERWOOD'S Original DEVILED HAM

When you strike off into the woods, see that in your pack basket or in the bow of your canoe you have a sufficient supply of Underwood's Original Deviled Ham. A small can and a couple of slices of bread, or, better still, cold toasted bread (toast should be buttered after it has become cold), make a satisfying and delightful lunch. In camp it is always indispensable, either for emergencies or the regular table. It may be bought at any good grocer's, but be sure you see on the can THE LITTLE RED DEVIL. There is only ONE Deviled Ham—Underwood's Red Devil Brand. All others are imitations, but imitations in name only, as the good commonly labeled and sold as poached or deviled ham, made as they are from the odds and ends of the packing house, are no more like Underwood's Original Ham than chalk is like cheese. Our Book contains a lot of unique and practical receipts. We will send it FREE.

opinion that the example will be followed by Amherst and Wesleyan.

Several Northwestern University co-eds living in Pearson's hall, Evanston, had a ride in a patrol wagon recently. The ride was given them by Policeman Keefe, driver of the wagon, as a reward for the assistance they gave the fireman at a small blaze at the residence of George Burham, 528 Cook Street. The fire, in the centre of the student district, attracted the girls to the street. They cheered on the men and the blaze was extinguished in a few minutes.

The authorities of the University of Pennsylvania will introduce into the curriculum, beginning Oct. 1, 1905, a course in public health.

This innovation looks toward filling a constantly growing demand throughout the country for officials specially trained in matters pertaining to public health. The course will include instructions under the following headings: sanitary engineering, sanitary legislation, inspection of meat, milk, etc., social and vital statistics in the United States, general hygiene and personal hygiene.
