ANNUAL OUT THURSDAY.

Technique 1000 Book at Noon, Back of Art Museum.

The current volume of Technique, Volume XX, will be issued April 27, at 12 o’clock, in the lost back of the Art Museum. The first twenty-five books will have Dr. Fitchett’s signature and will be numbered in gilt on the cover. The men getting numbers one to five inclusive will be refunded the price of their tickets.

The book has left the printer’s hands and is now being bound. It has been found possible to add sixty pages without making the book unwieldy. Fifteen of the twenty-four forms are in two-color work, a much larger proportion of color than has been used before. There will also be six three-color plates.

SHOW NEARLY COMPLETED.

Owing to the illness of Miss Ryan, Mr. James Francis, who has been assisting in putting on “The Chemical Maid,” will remain with the Show until its production.
