W. A. Adams, '05.

SCENES.
ACT I. Public Square in the city of Postall.
ACT II. Park near the city. These.

Maldon Performance.
This performance will take place on Saturday evening, April 29, at the Malden Auditorium. A special car on the 5.37 train from North Station will carry all members of the Show. The "Tech Show Special" will leave Malden between 11.30 and 11.40 p.m. Other trains out to Malden leave at 7.02 and 7.22 p.m., and returning at 1.02 and 11.30 p.m. Round trip 15 cents from any of the Show Management, or free with $1.00 or $1.50 seats.

ANNUAL SPRING CONCERT.
The Annual Spring Concert and Dance of the Musical Clubs will be given this evening at the New Century Building, 177 Huntington Avenue. Hard practice and numerous public engagements have put the Clubs in fine shape and they expect that this Concert will be the most successful they have given. A good program of semi-classical and popular music has been prepared. The concert will end with a surprise stunt which of course could not be expected.

For the dance, Towne's Orchestra has been procured and good music is assured. Tickets are on sale today in Rogers Corridor.

MECHANICAL ENG. SOCIETY.
At the meeting of the Mechanical Engineering Society last night Mr. E. E. Stanley gave a most interesting talk on, "Recent Developments of the Automobile." After his talk many of the members enjoyed the privilege of meeting Mr. Stanley and discussing automobiles informally.

1905 TECH REUNION.
Plans for This Year's Observance of Commencement—Undergraduates to Participate in Many of the Events.

The Tech Reunion of 1904, marked by many of the classes as being the best, is it intended to repeat each year, a suitable alumni observance of Commencement. The matter was recently considered by the Association of Class Secretaries, as it was found that many of the classes were planning to hold Class Reunions and Dinners at this year's Commencement. A Committee, appointed by that Association, has charge of the arrangements for the event, and the undergraduates will cooperate with the alumni, particularly in connection with the Pop Concert. The Committee consists of the following: H. N. Dawes, '93 (Chairman); C. C. Pierce, '93; H. L. Corson, '93; C. F. Parker, '91; W. 11. Crosby, '93; I. W. Ficker, '93; J. A. Rockwell, '06; Walter Humphreys, '97; C. E. A. Winslow, '95; W. Waston, '95; Bernard Bun, '95; W. H. Lord, '05; S. C. Cory, '05; W. F. McGregor, '97; L. S. Barnes, '08. Commencement comes this year on Tuesday, June 6. The complete program of the day's observance is yet to be announced, but it is known that many and probably most of the classes will hold spreads and dances at this time, and it is expected that every class from '68 to '05, forty-one classes in all, will join in making the "Tech Night Pop Concert," an event worthy of the Institute's traditions.

Last year only the Alumni were expected to attend this concert, but this year both the alumni and the undergraduates will be expected to be present.

The Tech Reunion of 1894, marking it as the first in the history of Technology, was of the greatest value in awakening, in undergraduates and alumni alike, a broader and stronger Technology spirit. This linking together of the alumni in a stronger Technology spirit. This stronger Technology spirit. This linking together of the alumni in a stronger Technology spirit.
