We print in another column a suggestion that the Sophomore Class be represented in an informal way on the Techtyan Board, in order that more continuity of organization may be brought about.

About a There are two difficulties Suggestion, which render this pro-
posed election of one or two under classmen inadvisable. First, the preeminence which these men might possess in the Electorial Committee would destroy to a cer-
tain extent the function of that body by introducing a temptation to-
ward dictation of policy. Second, even should the first objection be insufficient, with the right men chosen, it would be very difficult in the latter part of the Freshman year to make such a wise choice.

The last Hare and Hound chase of the season will be held on Sat-

turday, from Wellesley. It is hoped that all the runners will turn out and make the largest and best run of the year. The party will leave the Trinity Place Station at 2:07 p.m. Round trip 90 cents.

The donations which are being used for the erection of the new Harvard Medical School buildings are these: $1,459,000 from Mr. J. P. Morgan, $250,000 from Mrs. C. P. Huntington, $250,000 from Mr. David Sears. The endowment of the school consists of $1,000,000 given by John D. Rockefeller and nearly a million from other sources. The new buildings will be ready for use in September, 1905.

Bulletin No. 1, issued by the Northwestern Alumni Association is strong evidence of the energy and liveness of Tech's graduates in the Northwest.
