The entering class should remember that it is strictly against the rules passed by a joint committee of the Classes of 1908 and 1909 for Freshmen to wear any preparatory school insignia. This matter of college etiquette, which, unfortunately, is frequently violated through ignorance, caused the adoption of the following rule:

"No Freshman shall wear any hat, cap, sweater, jersey or sleeveless shirt bearing any preparatory school numerals, initials or insignia of any variety. However, sweaters or jerseys bearing such insignia may be worn inside out, or with the insignia on the back of the wearers. Preparatory school pins, if worn at all, should be worn so as not to be in sight."

Should 1909 adhere strictly to these rules, 1908 will not be called upon to enforce them.

The Class of 1909 should not neglect the opportunity offered to them by The Tech in its dinner on Saturday night of this week. Freshmen need excellent acquaintanceship with each other; no opportunity could be better than such an informal entertainment. Short talks by representatives of the Faculty and the school organizations will give the new men an insight into Institute affairs and ideals. The process of forming the acquaintanceship of the next few days may be the guiding forces of a man’s life during the next four years.
