Cheering teams, during the games the Technology Christian Association has been very fortunate in securing Robert E. Speer to address the student body in Huntington Hall tomorrow morning at 8:15. Mr. Speer is a graduate of Princeton of the class of 1899. Speer led his class easily, took nearly all the prizes in speaking and debating, played on the football team for three years and was very influential in college on account of his character and ability. It was the combination of these points, their balance and his intense moral earnestness that made him the power he was. He is a man who will make a remarkable impression if he is only allowed to speak for himself. Since his graduation Mr. Speer has been prominent in association work and especially in the Student Volunteer movement. By the students representing over 120 different institutions at the Northfield conference he is considered by far the most popular speaker. He is at present Secretary of the Presbyterian board of foreign missions.

Mr. Speer speak at Harvard Friday night and at Wellesley Sunday. Technology is also to be benefited by his presence on Saturday morning at 8:15 in Huntington Hall. Everybody is invited to attend. Acting Dean Merrill will preside.
