RAIN COATS

We have a Special line of cloths made Rain Proof for us, that will not be found in any other Tailoring Establishment. The Process used is the very best, and it cannot be sold from any other unproofed cloth. It leaves the cloth soft and pliable as well as Rainy ones. A garment that is suitable to wear on bright days, as well as Rainy ones. A garment that is

MACULLAR PARKER COMPANY

There is something about our clothing which gives it a decided and attractive individuality perhaps the combination of style, fit, shaping, patterns—all these count in the appearance of a garment. Our new Fall lines are now on our counters and this is a good time to purchase while the stock is fresh and all sizes represented. We call special attention to the handsome patterns in suits for young men.

ARCHITECTS ADVISED TO SKETCH.

The Architectural Society held its regular monthly smoker at the Tech Union, Monday evening. Mr. R. C. Sturgis, a prominent Boston archi- tect, gave the society an interesting talk on the great values of being able to draw readily and accurately. He advised the architects always to have their pencils in their hands, and to spend all their available time making sketches, measured or otherwise, of anything that was on hand. Mr. Sturgis exhibited a large number of interesting drawings made by him in Europe some years ago.

REGULAR MEETINGS.

Prof. Drisko spoke before the Journal Club, Department of Physics at their regular weekly meeting held yesterday at 4:15 p.m. in 20 Walker.

The regular colloquium of the Analytic Department took place yesterday at 4:30 p.m. in 31 Walker. Several members of the instructing staff spoke on subjects of current interest to chemists.

The Appalachian Mountain Club held a meeting at 8 p.m. last evening in 22 Walker.
