The Tech
Published every Monday, Wednesday and Friday during the college year from September to June, by subscription of the Massachusetts Institute of Technology.

Tuesday, December 13, 1905

Mr. E. W. James, 1907, has been elected to the Editorial Staff of The Tech.

We should like to call the attention of our contributors to the notice which is printed above in italics.

The selection of Professor W. H. Walker of the Institute Chemistry Department to take charge of a lecture course at Harvard recognizes his work, but is an added test of the high reputation for which the Institute is justly famed.

Professor Walker, it is well known, is a member of the American Chemical Society.

The establishment of a new lunch room has evidently been justified.

The new room at the Union has been well filled every day, yet the rush during lunch hours seems as great, or even greater, as over the lunch room in Pierce Building.

We wish to express our approval of the introduction of the student waiter system, a thoroughly collegiate one, but there is an undoubted charm about the system of the old Tech Lunch. We hope both will have the success which they undoubtedly deserve.

Did you vote yesterday?

Overheard on Rogers steps:

"Where are you going to eat today, at the Union Lunch or the Angel Lunch?"

The Huntington Hall Liquid Refreshment Dispensary was open yesterday noon for five minutes, in spite of the election.

Pennsylvania Club Dinner

The Pennsylvania Club held a dinner at the Union last night, at which C. H. Shapleigh presided. Dr. Walker, who was to be the speaker of the evening, was prevented at the last moment from being present and his absence was strongly felt. The Club turned out in full force and the evening was spent very pleasantly in singing and talking.

Second Team Schedule

The Second Basketball Team is to play the following games:

- Jan. 6, Malden High at Malden; Jan. 13, Oliver Ames A. A. at North Easton; Feb. 10, Melrose High at Melrose; Feb. 13, Dorchester High at Tech Gym; Feb. 20, Tech at Tech Gym; Feb. 27, Tech at Tech Gym

Additional Equipment

The Optical Laboratory has added the following instruments to its equipment:

- Riker Photometer and Contrast Photometer. Both instruments were made by Schmidt & Haensch of Berlin.
