NEW ASSOCIATION FORMED.

Colleges Take Tech into the University Fencing League.

Following the announcement in the last issue of THE TECH that Harvard, Cornell, and Columbia had resigned from the Intercollegiate Fencing Association because that body had refused to take in Technology, comes the information that those three colleges immediately formed a new organization, which they named the University Fencing League. These three are the charter members. They took in Tech, and asked Princeton to decline its election to the older organization and join the newer one. It is thought that Princeton, which was refused admission to the I. F. A. at the same time as M. I. T., but later was taken in, will decline the election and stay with the new association.

Not only will the five teams mentioned above be members of the new League, but there is likelihood that Michigan, Chicago, and Georgetown will be added to the membership roll. It was announced recently by a member of the new association that there had been dissensions right along in the Intercollegiate Association. The expressed purpose of this body was to promote fencing as an intercollegiate sport and to encourage its spread everywhere among the colleges. Annapolis and West Point, however, led an opposition which was directed against admitting any but a select few universities. Thus several colleges have been kept out which were eager to be among the colleges in the league. The new association is considerably more of a national body than the older one. The tournament of the association will be held in New York March 9 and 10.

F. B. SMITH TO ADDRESS Y. M. C. A.

The Technology Young Men's Christian Association has planned for another Mass Meeting in Huntington Hall, on Friday noon similar to the one held in October. Fred B. Smith of New York City, the International Young Men's Christian Association Secretary, will be the speaker. He has chosen as his subject for the Technology Mass Meeting, "Profit and Loss." President Pritchett or Dean Merrill will preside. Mr. Smith has recently returned from a world tour. Everywhere he was received by large and enthusiastic audiences. Every Technology man will want to hear him. Dr. J. Wilbur Chapman says, "He is the greatest speaker to men in the world."

PROM COMMITTEE ELECTIONS.

At a meeting of the Junior Promenade Committee the following officers were elected: J. H. Leavell, Chairman; D. G. Robbins, Treasurer; R. C. Albro, Secretary. The Committee will hold regular meetings every Tuesday at 1.30 p.m. in the Trophy Room.

MEET COMING.

B. A. A. Making Preparations for their Annual Indoor Meet.

The Boston Athletic Association will hold its annual indoor meet on Feb. 10. Tech has always entered a relay team besides a number of men in individual events. The entries will close on Jan. 29. Among the college relay teams which will enter are Harvard, Yale, Princeton, University of Pennsylvania, Cornell, Dartmouth, Amherst, University of Maine, Williams, Brown, Tufts, and Bowdoin. The handicap events are: 40-yd. dash (9-ft. limit), 600-yd. dash (30-yd. limit), 45-yd. high hurdles (9-foot limit), 1000-yd. run (50-yd. limit), one-mile run (60-yd. limit), putting 16-lb. shot (6-ft. limit), and high-jump (6-in limit). There will be two novice events, the 40-yd. dash and the 440-yd. dash, both run from scratch.

A new feature this year will be a New England intercollegiate open team championship race, provided four teams enter.

Entries can be made to George V. Brown or George B. Billings of the B. A. A. Amateurs may register on payment of 25 cents to J. Frank Facey, 36 Prospect Street, Cambridge. The entry fee to meet is 50 cents.

CATHOLICS TO ORGANIZE.

All Catholics at the Institute are urged to attend an informal meeting to be held at the Union tomorrow evening at 7.30 o'clock.

At this meeting an effort will be made to form some sort of a permanent organization, similar to the Catholic clubs now in existence at Harvard, Yale, and Dartmouth. These clubs are meeting with a large measure of success, and we feel that among the one hundred and fifty of our faith at the Institute there is a splendid opportunity for a like organization.

The Rev. John J. Farrell, the spiritual director of St. Paul's Catholic Club at Harvard, will address the meeting, as will also Daniel J. Hurley, their president, Mr. Mooney, the vice-president, and Mr. Kanaley.

The success of this effort depends upon the co-operation of each man, and we strongly urge that you not only come yourself but notify and bring all the Catholic fellows you know.

LEWIS F. MESMER,
MICHAEL J. GIBBONS,
ALLEN POPE,
PATRICK J. KENNEDY,
THEODORE A. DISSEL.

LECTURE BY DR. OSWALD.
