Boston or the Tech:
Some time ago the Technique ’07 Board offered a prize of Five Dollars for the best set of grinds to be handed in to the Grind Editor. It is up to the whole student body to see that everything which will provoke a smile gets into Technique. It is every man’s,—Senior, Junior, Sophomore and Freshman,—duty, not to say privilege, to hand in an account of every humorous event occurring in his classes. The Board cannot turn out a complete Technique without the cooperation of the student body, and the student body cannot let a matter like this pass by unheeded. Technique has a high rank among the college annuals of this country and every man who has any pride or any love for his school should feel dissatisfied with himself, until he has handed in at least five grinds. Now is the best time in the year to write out a few jokes on the other fellow. When you are grading for exams, rest a few moments and clear up your loggy brain by coming back to earth and laughing at some poor innocent who has unconsciously made himself humorous. And when you laugh put the joke down so that the rest of us who have no sense of humor may perhaps crack a smile at it. And what is more important hand in to the Grind Editor Technique, care of Cage.
