Tun Tech calls attention to the fact that owing to the coming examinations and the subsequent mid-year vacation publication will be suspended with this issue until Feb. 7, 1906.

Because of the gloomy thoughts produced by the appearance of the "exam" schedule, don’t forget to study the time-table for the earliest "exam" schedule, don’t forget to bear all the responsibility, it seems but it cannot fail to affect others but fair that they should be allowed to use their own judgment, unless the class is willing to assume the chances of a deficit, and itself fix the assessment. But as yet no authoritative announcement of the rumored step has been made.

The committee should remember that Junior Promenade is a Technology as well as a class affair, and THE TECH hopes that nothing will be done to impede its success.
