JUNIOR PROM.

The Prom will be held at the Somerville High School, with arrangements for all previous years.

It is time to be thinking about the Junior Prom. The committee are out with their books and they want everybody's signature. This dance will be the regular weekly meeting Tuesday, for the first time, in the Trinity Church Parish House, the use of which has been so generously offered by Dr. Mann, the rector, and the want of the committee of the church, Dr. Mann was the speaker. In a few words he earnestly urged the importance of a Christian spirit of church work, and the need of the church for the men and women who would come to the aid of the church in coming years. Dr. Mann then gave the men a heart to heart talk on the problems of the church and its relation to the church and its relations with the world. He divided his talk into four chapters: "What is Truth?", "What is Religion?", "The Significance of Prayer," and "Ought a Religious Man to Join the Church?"

President Pritchett takes the middle ground on the subject of church membership. He thinks that the fellowship is often helpful to the church. He will take no position that it is indispensable to salvation. He says: "There are few men who are not better for joining the church" then adds, "but that is not religion."

As a scientific man he approaches the problems of man. He believes that the church is not indispensable to salvation. He attempts to show that man is not better for joining the church than for not joining it.

President Pritchett's talk was given with much work, this hypothesis has failed whenever tried. A spiritual development gives the superior consideration and sympathy for the inferior and promotes good feeling as well as expediting the work.

In closing, Dr. Mann welcomed any who might care to come to the services of Trinity Church. At the morning service students may take seats in the gallery or wait until 10:30, and then be ushered to the remaining seats. At the afternoon service, however, all seats are free. Dr. Mann especially urged the students to attend during Lent the short evening services which will be held every day commencing on Sunday, March 4.

The Musical Clubs will give a concert at the First Methodist Church, Somerville, this evening.

BOOK BY PRES. PRITCHETT.

Four Convocation Addresses appear in "What Is Religion?" The Permanent President.

"What Is Religion?" is the title of a collection of four lectures to students of the Massachusetts Institute of Technology by President Henry S. Pritchett, issued in book form by Houghton, Mifflin & Co.

The little volume is dedicated to "the students whose friendship and fellowship form the inspiration of a college president's life."

This tribute is believed to indicate that President Pritchett believes in a close and personal relationship between students and faculty. In fact, he is said to have urged this very thing at the annual dinner of the Tech alumni.

He divides his talk into four chapters: "What Is Truth?" "What Is Religion?" "The Significance of Prayer," and "Ought a Religious Man to Join the Church?"

DIRECTORY CORRECTIONS.

The following is an addition to the Directory of Tech Activities.

Instructors’ Club.

President, Charles W. Sawyer; Secretary, S. H. Stretch.

Mechanical Arts E. S. Club.

President, O. Hiller; Vice President, O. G. Fales, '07; Secretary-Treasurer, R. E. Weller, '08.

YEAR BOOK PLANNED.

Specifications are out for the printing and engraving of the Architectural Year Book, and it is expected that the book will be placed within a week. The sum of the pages has been increased to 8 x 10 inches and it is expected that there will be about the same number as last year. Also, the plates and printing are expected to be more satisfactory, and more money has been devoted to them. The book in every respect will be a great improvement over last year's.
