EDITOR OF THE TECH:
The next sixteen pages of the Grind Department of Technics 1907 are ready for preparation. Everyone who has heard a joke at the expense of the faculty or student body, who has thought of a jingle which would bring a semblance of a grin to the faces of the respected members of the instructing corps or the submerged tenth (meaning those who grind out nuggets in the sub-cellar of Rogers), please hand it in today. If you have any student kid about Technics ask him how much he contributed to make it a success; if you know any Co-ed, tell her that she can use her literary technique.
