NOTICES.
(Continued on page 1.)
Civic Club. — There will be a meeting of the Civic Club Friday, February 25, at 8 p.m., at the Union. It is very important that all men interested in the club be present. All members are especially urged to attend.

Musical Clubs. — The Musical Clubs will give a Concert Thursday evening, February 24, at the Malden Y. M. C. A. Members should be at Sullivan Square at 7:10 p.m. All orders for the pictures of the Musical Clubs should be given that evening.

Sophomores. — No member of the class is eligible for the Technique '08 Electoral Committee, or will be allowed to vote, until he has signed the Constitution, and has paid the dues for this year ($1.00). The Constitution will be left at the Cage until 1 p.m. Saturday, February 24, so that any Sophomore who has not already signed can do so at once. Dues should be left at the Cage, addressed to W. A. Adams, '08, before Saturday, 1 o’clock. Ballots will be mailed to all members of the club on Wednesday, February 28.

Sophomores. — Do not forget the class meeting today at 1 p.m. in Huntington Hall. It is necessary that every one be present. The method of election of the Technique '08 Electoral Board will be discussed and voted upon. Two methods have been used hitherto and it is of the utmost importance that the most desirable one should be chosen. A full attendance is required as this affects not only 1908 but the whole Institute.

DISCUSSION BY GEOLOGICAL CLUB

About twenty were present at the Geological Journal Club meeting, yesterday at 4:15 in Pierce. The subject was “The Problem of Metalliferous Veins,” J. B. Holmes, ’06, read an abstract of an article by Prof. Kemp, of Columbia College, in which his belief in the importance of magnetic water in the formation of such veins was stated, and Prof. W. O. Crosby spoke for the opposite view, illustrating his statements by means of specimens of veins and conglomerations. Meetings of the club in the future will be held at 4:15 p.m. Wednesday, instead of Thursday.
