MISSOURI CLUB.

Thirteen men were present at the dinner of the Missouri Club last Friday evening at the Tech Union. Evidently no one was superstitious, for jokes and witty stories flashed back and forth all evening. The only business done was the acceptance of the report of the Single Committee. Frank C. Dolke, a St. Louis boy, who is preparing for the Institute, entertained the Club with some interesting experiments in legerdemain and sleight of hand.

LECTURE ON EVOLUTION.

Professor A. W. Grabau, M. I. T., '96, now Professor of Paleontology and Stratigraphic Geology at Columbia University, New York City, will address the students on "Evolution" tomorrow afternoon, March 6, at 4.15 in 11 Eng. B.

Professor Grabau has spent a number of years in making a detailed study of the laws of evolution, and will present an illustrated account of his work. All students interested in this work are invited.
