GIVE FINE CONCERT.

Musical Clubs Have Big Success in Lynn Monday.

Over eighty hundred people were crowded into Vine Street Congregational Church in Lynn Monday evening to hear the concert given by the Musical Clubs. This was one of a series of entertainments being given by the Lynn Educational Association. The members of the Clubs went and returned in one of the Boston and Northern’s comfortable special cars. The audience was the largest and most appreciative the Clubs have met this year, and, as a result, the men outdid themselves. The program was brilliantly rendered, and several times encore had to be refused because of limited time. Mr. Irving Richards, an accomplished reader, accompanied the Clubs for the first time and added materially to the success of the concert.

ARCHITECTURAL SOCIETY SMOKER.

The Architectural Society Smoker scheduled for last evening to hear the concert given by the Lynn Educational Association. The members of the Massachusetts Engraving Co., and contracts have been placed for the printing.

ART COMPETITION IS STARTED.

The competition for Art Editors of Technique ’08 has begun, and will close May 1 at 4 p.m. Three positions are to be filled and are open to any member of the Sophomore Class who is in good standing. The titles of the drawings are to be filled and are open to any member of the Sophomore Class who is in good standing. A pen drawing and a color drawing. Each drawing included the lettering must be suitable and all other features of the meeting will be the same as if it had not been postponed, and also the dates for the next two smokers, April 13 and May 11, remain unchanged.

The Society has begun to get out its Year Book about May 1, and is now hard at work with that end in view. Over a hundred pages have been made in the hands of the Massachusetts Engraving Co., and contracts have been placed for the printing.

TECH SENIOR KILLED.

While making experiments, the results of which were to be used as a basis for his thesis, Perley Kennison Dodge, ’06, of Beverly, Massachusetts, was killed in a tragic accident at the United Shoe Machinery Company at Beverly late Monday afternoon. Dodge and E. T. Tlison, ’06, had been granted the privilege of making experiments with the powerful steam turbines in use at the plant, and had been preparing for several days for the experiment.

The men had been making the plans for the experiments with John C. Damon, assistant in Electrical Engineering, the course the young men were taking. Test wire had been laid from the engine to the instruments, and, in some cases, Dodge came in contact with the wires, death probably being instantaneous. No one was in the room at the time of the accident, and Dodge was not found for some minutes. Both hands showed the contact with the wire, the right one being more severely burned. The voltage was not high at the time, being 75. Mr. Damon, when seen Monday upon his return from Beverly, said that as he was not in the power room at the time, he could not tell exactly how the accident happened. He said:

"The temporary wires, which were in readiness for the experiment which was to occur Tuesday, were strung at some distance from the floor, about the distance from the floor that a man’s hand would instinctively make for if he stumbled and caught at something to steady himself. The experiment had been asked for by the company to test their new turbines, and was to have been carried out by young Dodge and Tlison under my supervision, both of the boys making the test and the points involved the subject of their graduation theses.

"I cannot explain the accident, as I say, unless it was that Dodge stumbled and, falling, caught the wires in his hands. The voltage was very low, and under ordinary conditions would not have proved fatal. There may have been a momentary weakness of the heart, however, and this weakness may have accounted for the fact that death was instantaneous. I am sure that, as he understood everything about the wires, having made a specialty of electrical engineering, the accident was not due in any way to carelessness on his part. It was a sad affair, and I cannot express adequately my feelings in the matter. Knowing the boys so well, I feel, perhaps, as well as anybody the shock which the sudden bereavement must have been to his mother and sister. He was a fine young man, and would have been a success, I am sure, in his profession."

Young Dodge was one of the brightest students sent from Beverly high school. He was a graduate of the Hardie Grammar and the Beverly High with the class of 1902. He took an intense interest in electrical work, and was a scientific genius of the first order at the high school. He was fond of making experiments, and stood high in his work at Technology.

The Electrical Engineering committee suspended all exercises yesterday because of the death of Dodge, and the smoker of the Electrical Engineering Society, scheduled for last evening, was postponed.

SHOW CAST IS PICKED.

The final selection of candidates for Tech interests has been taken, and the Tech Show Committee has settled down to hard steady work. The rehearsal will be held as herebefore at the Tech Union.

The principals: Schofield, W. J.; Fiske, ’06; Ellis, ’07; Stevens, ’08; Venner, W. E.; Alien, ’05; Adams, ’08; Henderson, W. B.; Journal, ’09; Neuman, ’09; Cleaves, W. L.; Banfield, W. M.;

CALENDAR.

WEDNESDAY, MARCH 21.

1:00 p.m. Junior Class Meeting in 6 Lowell.

2:30 p.m. Newton High School Club Meeting in 11 Rogers.

4:00 p.m. Rehearsal of Tech Show Chorus at the Tech Union.

4:00 p.m. Geo Club Rehearsal at the Boston Y. M. C. A. 4:30 p.m. Lecture in Nailing by T. F. Spence, Mining Engineer, in 2 Rogers.

6:00 p.m. Banjo Club Rehearsal in 16 Rogers.

4:15 p.m. Geological Journal Club Meeting in 24 Pierce.

5:00 p.m. Technique ’08 General Committee Meeting in 26 Rog-

1:00 p.m. Chemical Engineering Soci-

Company Meeting at the Tech Union.

THURSDAY, MARCH 22.

1:00 p.m. Junior Class Meeting in the Trophy Room.

1:30 p.m. Weekly Meeting of the Y. M. C. A. in the Parish Hall of Trinity Church.

4:00 p.m. Rehearsal of Tech Show Primary in 31 Rogers.

4:00 p.m. Geo Club Rehearsal at the Boston Y. M. C. A. 4:00 p.m. Banjo Club Rehearsal in 18 Rogers.

8:00 p.m. Society of Arts Meeting in 28 Walker.

8:00 p.m. Fourth of Lowell Institute Lectures by Prof. Putnam, in Huntington Hall.

FRIDAY, MARCH 23.

1:00 p.m. Lincoln School Club Rehearsal at the Tech Union.

4:00 p.m. Mandolin Club Rehearsal in 31 Rogers.

4:00 p.m. Lecture on Electricity in G. C. Berkleigh, Mining Engineer, in 2 Rogers.

4:00 p.m. Tech Show Posters must be in at the Cage.

8:00 p.m. "Technique ’08 Selective" Chorus meeting in 45 Eng-

6:00 p.m. Track Team Dinner at the Tech Union.

FACULTY NOTICES.

Second and Fourth Years.

Exercises in Chipping and Filling for Course XIII will begin on Tues-

Track Team Dinner at the Tech Union.

day, March 27. Exercises in Chip-

ing and Filling for Course II, sec-

ond and Fourth Years.

Shades and Shadows.

Exercises in first year Shades and Shadows for Course IV men, sections 19 and 20, will begin April 3 and will be

held in 45 Pierce Building. Men taking this subject should obtain Shades and Shadows notes from Miss Whipple in the Architectural Library on Monday, March 20, and prepare for the first exercise as far as possible.

NOTES.

- A set of drawing instru-

mments. Return to Cage for W. B. R. (Continued on page 3.)
