Spring training for the Track Team starts tomorrow afternoon. The call is rather late this year owing to the poor condition of the field, recent Spring Training. Snows having made it very soft in places. The track is now being rolled and should be ready for use tomorrow. All those who intend to try for the team should report at once if there are but two weeks before the Annual Spring Meet which takes place April 21. Every man who believes that he can win a prize for his class at that meet should come out and make good. Freshmen are especially urged to come out and begin work during their first year at the Institute as the experience and confidence which they gain from competition cannot fail to prove valuable to them later. Do not let the excuse of not having an athletic career behind you deter you from making your best attempt to realize the opportunity that is before you.

Mining Eng. Society.—The Mining Engineering Society will meet Friday, April 6, at 7.30 p.m., at the Tech Union. Professor R. H. Richards will speak on the "Black Sands of the Pacific Coast." No tickets are required.

Reading Notice.

Summer Work.—A Springfield firm has positions for Tech men, paying $2.00 per day and upwards according to ability. See A. C. Nichols, '06, at Cage, 1.05-1.15.

Inventor.
