FRESHMAN BASEBALL TEAM,  
Manager Sharp Promises a Strong Team.  
Schedule of Games.

On Thursday afternoon the Fresh-
man team was called out by Mr. Sharp.  Some twenty-
two men responded to the first call and it is hoped that the squad will be in-
creased considerably. Several of the candidates for the team were prominent in Intercollegiate base-
ball last season and the freshmen's prospects are very encouraging.

Harold Sharp, the Manager, has energetically pushed prepara-
tions for the season and has an-
ounced the following schedule:
April 7, Tech Charter Visit to ob Field; April 11, 1907 at Tech Field; April 14, Tufts Dental, '08 at Tech Field; April 15 (morning), Water-
town at Watertown; April 21, Mel-
rose at Melrose; April 25, Hallon & Hulbigan at Tech Field; April 28, Tufts at Hallo-

The men who reported are as fol-
loows: pitcher, Wentworth, Whit-
ey, Simonds; catcher, Leader, Ware; 1st base, Leader, Allen; 2d base, Kelly, Sina, Apelin, Kurs-
mans; 3rd base, Landis, Wentworth, Perry; short stop, Kelly, Hearn, Lawrence, Block; field, Eaton, Nichols, Pope, Stiebel.

THESIS TITLES.

The following is the Thesis work 
being done in the Physical and 
Chemical Laboratories:
Course VIII: Theses: J. I. Banash, "The Determination of the Melting Points of Refractory Ox-
ides"; G. C. Furness, "A Study of the Electrolytic Reduction of Alum-
num"; G. H. Hilgendorf, "The Investiga-
tion of a Fine-copper Sulphide Cell"; H. P. Holmberg, "The Electro-
motive Force of Certain Cells Com-
posed of Fused Electrolytes"; H. D. Kendall and C. S. Mollins, "On the Coefficient of Expansion of Silver 
Alloys"; E. B. Rowe, "A Study of 
the Arterial Pressure of Amalgama 
and Alloys.

Course X Theses: L. S. Dent, "The Action of Water on Calcium and Barium Chlorides"; A. Fisher, Jr., "The Application of the Acid to Dyes"; W. G. Merrow, "The Protection of Steam-
treated Surfaces"; P. B. Sadler, "A New Method of Preparing 
and Prepar-
ization of Zinc Chloride"; H. L. Levenson, "The Operation of a New 
in the Preparation of Barium 

Mr. Kenison talked on "Evolu-
tion and Revolution" at the regular 
N. C. A. meeting, Thursday, at 12.00 p.m. in Trinity Church.

In this age of skepticism, he said, 
he becomes of vital importance to us 
to know whether the faith held by our 
fathers is tenable today. Has the theory of the evolution of man 
shaken our belief in the fundamen-
tal laws of religion? Will final per-
fection in man be eventually at-
tained by evolution, or may we hope 
to reach the goal in the short span of a few centuries? In other words, do we need Evolution or Revolution? 

There are two classes of evolu-
tionists. The first says that the 
universe was formed by the inevit-
able results of natural laws, the 
second maintains that some con-
potential must have guided and 
directed the formation of our sphere 
out of chaos. The Bible supports 
the second theory; if we reject its 
testimony it becomes nothing but the 
literature of a now despised race. 
Scientific opinion is changing on 
this controversy. Many savants are 
now stoutly maintaining that all 
evolution, and particularly Darwin-
ian, is an erroneous theory which 
cannot long persist.

The spiritual development must 
keep pace with the bodily growth, 
but that is not sufficient. The final 
change in man must come from ex-
cerption in the form of Revolu-
tion; his spirit must be touched 
by Divine fire in order that he 
may go on with his full moral 
development and fulfill the purpose for which he was sent into the world.

Harvard has an Esperanto Society for the study of the universal lan-
gage.

Several Williams College authorities have 
accepted plans for the erection of a 
new $60,000 dormitory.

CALENDAR.

FRIDAY, APRIL 6.
12.00 P.M. Naval Architectu-
ral Society in 33 Eng. C.
1.00 P.M. Cross Country Asso-
ciation Meeting in 26 Rog-
erts.
4.00 P.M. Tech Show Choruses 
hearsal at the Tech Union.
4.00 P.M. Mandolin Club Rehearsal 
in 31 Rogerts.
4.15 P.M. Prof. Swin's Readings 
in Lowell.
5.00 P.M. Technical '08 Electoral 
Committee Meeting in 26 Rog-
erts.

SATURDAY, APRIL 7.
2.00 P.M. Rehearsal of Tech Show 
Practicals at the Tech Union.
2.45 P.M. Hare and Hound Run 
from Rehonda, Y. M. C. A. to 
Leave North Station at 2.45.
8.00 P.M. Kammers 08 Night.
4.00 P.M. Rehearsal of Tech Show 
Chorus at the Tech Union.
4.00 P.M. Club to Rehearsal in 33 
Rogerts.
4.00 P.M. Mandolin Club Rehearsal 
in 31 Rogerts.
4.15 P.M. Tech Road Meeting in 
31 Rogerts.
5.00 P.M. Technical '08 Electoral 
Committee Meeting in 26 Rog-
erts.

NOTICES.

Musical Clubs.—The Musical 
Clubs will give a concert at Rosin-
dale on Tuesday evening, April 17.
Naval Architects.—There will be 
a meeting of the Naval Architec-
tural Society in 33 Eng. C today 
at 12.00 as. As important matters are 
to be decided, all members are 
required to be present.
Civic Club.—There will be a 
meeting of the Civic Club in 16 
Rogerts this evening at eight o'clock.

Target Practice.—Major Wheeler announces that target practice will 
commence Saturday, April 7, when 
practiced on North Station and 
Watertown Hill. This practice is open to all classes, 
and all who wish to attend should 
apply to Major Wheeler for orders for 
rifles. The party will leave 
North Station at 7 o'clock train.

CHURCH NOTICE.

Vesper Service at Second Univer-
salist Church, 500 Beacon Avenue 
and Clarendon Street, Sunday at 4.
Tech men are welcome.
