THE TECH takes pleasure in announcing the appointment of P. B. Barrett, '08, L. H. King, '09, and M. E. Denny, '08, to the News Staff.

The Sophomore Electoral Committee is to be commended for the excellent judgment it has shown in the elections to the 1908 *Technique* Board. The results of the deliberations of the committee, announced in another page of this issue, show careful consideration of the possible candidates and an earnest desire to elect the best men to positions on the *Technique* Board. Upon these men rests the responsibility of maintaining the high standard of the Annual and we wish them every success.

Nothing is more bewildering to the members of an organization than to have two of its officers deputed independently to make arrangements for a meeting. THE TECH received yesterday separate notices from the president and secretary of the Ohio Club, respectively announcing that a meeting would be held today at one o'clock in 21 Eng. A and in 11 Rogers. Not to mention the absurdity of the conflicting announcements, THE TECH, at such an occurrence, is placed in a dilemma as to which shall be published. Such a patent lack of unity among the officers of a club is certainly deplorable.

The tickets for the Spring Concert and Dance will be sold under the same conditions as in previous years—tickets may be purchased from any member of the clubs, and they are exchangeable for the regular reserved seat checks three days before the concert, in Rogers Corridor. The idea is to get some estimate of the number to provide for. As an inducement to obtain the exchange

tickets beforehand, the management will reserve a section of the seats for holders of such tickets. The clubs are striving to have this the best concert of the year and the members look for the support of the students who enjoy meeting their fellow classmates in this way to make it a success.
