LAST KOMERS.

Mr. John Z. White of Chicago to Speak on The Single Tax.

Mr. John Z. White, a lecturer of wide reputation, will be the speaker at Kommers to-morrow, the last day of the year. His subject will be "The Single Tax," a topic of absorbing interest and vital importance. Mr. White is one of the leaders of the Single Tax movement, which has for its object the replacing of the many forms of real estate, personal and political, and pole taxes by a graduated single tax. This agitation was commenced twenty years ago by Henry George, and in recent years has been much in the public mind.

As a speaker, Mr. White's striking ability for lucid explanation, strong argument, and simple interesting style is already recognized. He is an exceptionable clear thinker, a logical reasoner, and an earnest and forceful exponent of economic truths.

Such a subject presented by so able a lecturer should prove of particular attraction to all Technology men of any day whom some day come in contact with just such economic problems. As a large attendance is expected, tickets should be bought in advance.

HARD HIT FRESHMEN.

Brookline High badly beat the Tech Freshman Team Wednesday afternoon on Brookline Common, the score at the end of the fourth inning being 14 to 0. Brockley, the home team having had seven strike-outs.

THE CATHOLIC CLUB.

The Catholic Club held a meeting last night in Huntingdon Hall last night, when some plans were arranged with regard to becoming a part of the Federation of Catholic Clubs.

MAY 11.

Mr. Samuel Cabot to Speak. Chiers to be Practiced for Meet Tomorrow.

Mr. Samuel Cabot of the Corporation will address the mass meeting in Huntington Hall today at 1:30. The meeting is called to practice cheering for the Williams Meet.

Mr. Cabot is an enthusiastic supporter of Tech Athletics. He has given the Tech Field, and the Cabot Medal, and the Trophy Cup; and his presence at the mass meeting is warranted to arouse a high degree of enthusiasm.

A notice is issued to all Tech Show and Glee Club men to get together in the front seats and be ready to lead in singing and cheering so that there may be good provision for rooting tomorrow.

THE WILLIAMS MEET.

Tomorrow's dual meet with Williams College promises to be the closest and most exciting one that Technology has had for many years. As far as can be determined from a comparison of the teams of Williams and the Tech Union last Saturday with the work of the Track Teams at the spring meet, Technology seems to have the better team, considered as a whole, but, while a victory seems certain, the events are going to be so closely contested that every lover of athletics will get fine entertainment at the Field tomorrow.

The entries of the two teams are as follows:

WILLIAMS.

440 yard clash—Howe, '06, Blackburn, '06, I. Chase, '06.

880 yard run—J. H. Lapham, G. Horrax.
