Y. M. C. A. HOLDS MEETING.

The Y. M. C. A. held its regular meeting yesterday at 1:30 P.M. in the Parish Hall of Trinity Church. To the great disappointment of every one present Dr. Henson, who had promised to speak, was prevented from being present. In his absence Mr. Gates addressed the meeting for a trip in Europe which he made not long ago. He referred particularly to places and scenes in Italy and Greece which are dear to the heart of every Christian by reason of their Biblical associations, and gave a very stirring picture of an evening spent on Monti olivori overlooking the city of Athens.

NAVALS ENJOY THEMSELVES.

The Naval Architectural Society had a delightful evening at the Copley Square Hotel dining at the Barger Brau Wednesday evening. Refreshments were excellent and abundant, and every man present enjoyed himself thoroughly.

A regular program of speeches had been arranged, but good cheer was so prevalent, and capacity for story telling apparently so unlimited, that the regular program was soon lost sight of. The stories were followed by some of our most talented singers. The pianist at first tried classical music, but all were so insatiable with good stories that it was not permitted before the well-known songs of the Institute rang out over Hayward Place.
