LETTURES ON PHOTOGRAPHY.

On Tuesday afternoon Prof. Louis Derr gave an interesting lecture in 22 Walker on "Color Photography." He took up in detail several of the best known methods of color photography, explaining the technical and practical differences thoroughly. The lecture was profusely illustrated by beautiful lantern slides. Prof. Derr demonstrated the application of color photography to the making of three color prints by reproducing a landscape.

Columbia University has ordered A. E. Ward, the New York boat builder, to construct for its varsity crew a new eight-oared shell, to be used in the Poughkeepsie race during June. The shell is to be 58 feet in length, and will resemble in general model the beautiful craft which Ward built for Columbia last season. The new boat is to be finished June 1, or three days before the rowing squad leaves for the Hudson city.
