### CROSS COUNTRY NEWS.

(Continued from Page 1.)

Harvard. The Cornell manager has asked for a run with Tech on that date, and Harvard is expecting to race the Institute team again this year, as it has done for the past two years. Negotiations are now going on between the managers of the three teams, and it is very probable that the race will be arranged.

### SOPHOMORE MEETING.

The Sophomores held a meeting in Huntington Hall during the noon hour Monday. Wouson, '07, the Tug-of-War coach, severely criticised the men for the lack of enthusiasm that they are displaying in training for the athletic contest on Field Day. He sounded a warning note against the class's becoming over confident, and so inviting defeat. This is the last chance the Class of '09 will have to take a Field Day, and the time to come out for the teams and work, and so make victory possible. A defeat would be a blot on the reputation of the class that it would be impossible to wipe out, and which would follow it to the day it graduated. A committee was elected to make all the Sophomore arrangements for Field Day.

### TECHNOLOGY CLUB.

Mr. T. H. Skinner, IV., Class of '92, will address the Technology Club on Thursday, October 18, at eight o'clock. His subject will be "The Earthquake in San Francisco." Attention will be paid to the effects of the earthquake and subsequent fire on steel structures, and the talk will be illustrated by lantern slides. Members may bring guests.

### TECHNOLOGY FUND COMMITTEE.

The Technology Fund Committee has now collected almost all the first installment on the Income Fund, and this money, amounting to about \$56,000 has been turned over to the treasurer.

The Fund Committee was organized in the spring of 1904 for the purpose of raising an income fund for the furthering of the development of the Institute, and began a canvass among the past students of Technology for subscriptions, a certain sum to be given each year for five years. This canvass was ended last June. At that time \$280,000 was promised, payable in five installments. The first installment was due in June, 1906, and has been collected since that time.

Each installment is turned over to the treasurer of the Institute, and is used for whatever purposes the Corporation deems wisest for the furtherance of the aims of the Institute.
