THE TECH regrets to announce the resignation from the Business Staff of Mr. J. C. Brooks, 1908. Mr. R. W. Parlin, 1907, has been elected to the office of Business Manager. Mr. P. B. Lord, 1909, has been elected to the Business Staff.

We no longer use the words of Horace Greeley, but we join most cordially with the Committee of the Corporation in exclaiming, "Come West, old man, come West."

With only a few days left before the Annual Fall Handicap Meet it seems that many men do not fully realize its importance.

Handicap Meet. It is the first opportunity which the track team management has

to size up the material at hand and approximate the strength of our team. Each year there are many men who claim that they have not the time to train for athletics and the team is consequently weakened. Especially is this true of men who have already won their T and who feel satisfied that they have done enough. This year seems to be no exception to the rule, for although the men who are training are doing good work, more should be out for the team. Now is the time to get in some good work before the winter sets in.

Everyone is given a fair handicap in the coming meet and none should feel timid about entering because he thinks he cannot beat the best man on the team. The standing of Technology in the New England Intercollegiate Athletic Association should be upheld and now is the time to start by entering for the Fall Handicap Meet.

The Tech Union lunch again beat its previous record last Friday, when the attendance was 205.
