### TO HOLD "HOOK NIGHT."

At the Freshman Kommers, which will be held on the 23d or 30th of this month, entertainment is to be furnished by members of the class in a reproduction of the popular Columbia "hook night." The "hook," wheelbarrow, and all other necessary accessories will be employed, and prizes will be awarded the most successful contestants, as evidenced by popular vote. An effort is also being made to form a quartet and small musical club to furnish further gaiety.

All '10 men should interest themselves in their Kommers and assist in whatever way they are able. Amateurs wishing to compete may address their applications to T. W. Saul at the Cage. The exact date of the Kommers is to be decided upon this week and it will be announced as soon as possible in THE TECH. The price of tickets will be the regular Kommers price, twenty five cents.

The Princeton Triangle Club will present "The Mummy Monarch" as its play this year. Its schedule provides for twelve performances, some as far west as Indianapolis.

The Pittsburg National league club has secured some pretty good material from the Princeton baseball camp, and is this year to take a turn in helping the Tigers along. The Pittsburg management announces that the team will play Princeton some time in May and that all the gate receipts will go to the benefit of the Princeton athletic fund.

Stanford University and the University of California are still in a deadlock over the matter of a date for their track meet. Faculty interference is promised if some agreement is not soon reached, although it is not known just what form this interference is to take. At the best, however, the result will not only put the track meet out of commission, but is likely to stop other contests for a time. The deadlock would probably do the same thing without the faculty.

THE MASSACHUSETTS INSTITUTE  
OF TECHNOLOGY

AND  
PUBLISHED BY THE ASSOCIATION  
OF CLASS SECRETARIES  
83 NEWBURY STREET, BOSTON

The Review aims to develop closer relations among Institute men and to stimulate their interest in the work of the College. It is in no sense an engineering magazine, but deals broadly with the problems of Technological Education and the responsibilities of the professional man.

THE REVIEW is published during January, April, July, and October. Communications should be addressed to THE TECHNOLOGY REVIEW, 83 Newbury St., Boston.
