Prof. NOYES IS ACTING PRESIDENT.

TAKES UP WORK JULY 1 WHEN OR FRITCHELL LEAVES.

Prof. Wheeler Designates to Accept Position, Prof. Noyes Well Fitted for the Office.

Professor Arthur Amos Noyes, '96, was appointed acting president of the Board by the Executive Committee of the Corporation early in the summer months. Prof. Noyes immediately took up the duties of the office and will continue in the office until the permanent head is chosen and takes office.

This action was brought about by the withdrawal of Prof. Henry B. Preble from the presidency, Prof. Preble having found that his duties as head of the Chemistry Department at the Institute made it impossible for him to continue his connection with the Institute. Prof. Preble held the position of acting president of the Institute from 1900 to 1904, becoming Associate Professor of Chemistry at the Institute. During his years of service at the Institute, Professor Preble has been a progressive force in the development of the Chemistry Department.

Four Professors Leave.

Prof. Wendell, Lodge, Johnson and McKibben Give up Position.

Dr. Wendell, Dr. Lodge, Dr. Johnson and Dr. McKibben have resigned their positions. Prof. Wendell, Dr. Lodge, Dr. Johnson and Dr. McKibben have resigned their positions.

Frank M. Kanaly, the well-known distance runner, has been engaged by the Athletic Advisory Council to act as a member of the team. He was chosen for the position after a careful consideration of his qualifications and experiences.
