ATTENDANCE AT NOON LUNCH TOO SMALL.

Action Would Mean Closing Union to All Diners and Smokers.

Unless the attendance at the Union for the noon lunch increases considerably within a few days, the Institute will be forced to give up this feature of life. The average this year is so far below those of the past three years that it looks like a financial loss to run the Union.

The lunch served at the Union this year has been valued at 25c, 30c, and 35c, and beside that, the price of coffee and milk, and a dessert at smokers. The Union will have been advocating just such a lunch for some time.

The serious aspect of the case does not lie alone in the giving up of the noon lunch, but it becomes necessary to do this, the entire kitchen force of six men will be laid off. However, that there will be absolutely no service at the Union.

No clubs or societies will be able to get any refreshments at all. The Union in past years has steadily grown in the appreciation of the students, and had already collected a large fund for the Union every year. For this reason the Union has been an important part of the Institute.

The Saturday evening Kennels will have to be closed for the same reason as the Union, and the fact that it has been planned this year to make them especially interesting. The men who have profited by being able to sit on the tables will be left without the means of doing so.

The Union had started a year ago when the Lowell School of Engineering was set up, as the noon lunch became necessary for the students.

The Union in past years has steadily grown in the appreciation of the students, and has come to be more and more a meeting place for all the societies and organizations of the Institute. It has been that the Union has become the noon lunch, and that their meals the Union.
