NEW PLAN FOR ATHLETICS.

STEWART McIVER, AN OLD SEAMAN.

HUSBUNS UNION SPECIAL REQUEST OF DR. PRITCHETT.

FRESHMEN MUST BE EXAMINED.

PHYSICAL EXAMINATION REQUIRED.

GREAT DEMAND FOR TECH. MEN.

DR. PRITCHETT WRITES TO STUDENTS.

NEW LOCKER SYSTEM.

No system has been put in force in regard to the assignment of lockers at the Institute. It has thus far been very crowded, owing to the fact that men are using double or triple men's lockers, a locker, keep one from use by the next year. The system, however, will be in force for fifty years as rent for a box and later it will be paid for when you are graduated. The latter is in effect as a deposit in cases where a new box is leased.

W. H. MEYER.

Three men on the list are neither to be trusted under any circumstances. They are: G. H. Morgan, E. F. Nollman, and W. D. Paine. They have never shown any signs of good work and have repeatedly given signs of laziness and carelessness.

Sophomores Left Without Opponents.

Rifle Club and Freshman Battalion Hold Practice Meet.

Thirty-three men were reported for the West Newton Rifle Club, but only twenty-three were present. The following men of the West Newton Rifle Club were present at the meeting held at 300, 500, and 700 yards: J. F. Wilcox, T. P. McGowan, G. M. Clark, and J. S. Johnson.

TERMS STARTS THURSDAY.

Vol. XVII. No. 6 VOL. XXVII. No. 6 BOSTON, MASS., MONDAY, OCTOBER 14, 1897 PRICE THREE CENTS

BOSTON, MASS., OCTOBER 14, 1897

NEW LOCKER SYSTEM.

Charge to Be Made for Lockers at the Institute.

A new system has been put in force in regard to the assignment of lockers at the Institute. The system is as follows: Each man will have a locker, keep one from use by the next year. The system, however, will be in force for fifty years as rent for a box and later it will be paid for when you are graduated. The latter is in effect as a deposit in cases where a new box is leased.

PHYSICAL EXAMINATION REQUIRED.

Need of Physical Training Required by the Institute.

An important change has been made in the physical training at the Institute. Every first-year student will be required to take a physical examination. The object of the examination is to keep the Institute in required in that every man an idea of his own physical condition. Those who are found to be too weak will be advised and will be advised for their own welfare to take some form of exercise. There will be nothing compulsory in this matter, it merely being desired to help the men to help themselves.

Such a step shows that the Institute recognizes the need of physical training and that wishes to bring this need for to the attention of the students. President Noyes voiced this sentiment in his talk to the entering class when he spoke as follows: "We would first emphasize the importance of attending to the maintenance of your health in every way by keeping yourself in good shape, and by taking the necessary precautions.

The examination, which is a very thorough one, will consist of the following tests and measurements: weight, height, blood test, chest, heart, voltage, blood pressure, and other physical constants. The result of the examination will be used in the determination of the course of study for each man.

The examination will be made by the gymnastics instructor, Mr. Wilson. The first report on the results of the examination will be made to President Noyes, and the results will be used in the determination of the course of study for each man.
