

*To The Point*

**MOORE'S NON-LEAKABLE FOUNTAIN PEN**

While it is true that a good fountain pen will not leak if properly cared for, it is also true that it is not always possible for the most careful to treat it as they ought, while the careless are in continual trouble. These leaking troubles are all obviated in Moore's Non-Leakable Fountain Pen. This pen, is true to its name, it's air-tight and cannot leak. It is also clean to handle and clean to fill, and for these reasons is a favorite among the ladies, travellers and students, as well as among business men.
