TEAM RUNS SEVEN MILES.

Cross Country Working Out for Intercollegiate Races.

A seven-mile run was taken last week by the Cross Country Team. A good many new men showed up for it, but of the team members only Howland and Callaway were present. Hulsizer, 1909, has been doing very good work this season, and is a most promising candidate for the team.

Niles and McCreddie, both 1911, are keeping up their good work and should be heard from later on in the season. They are light in weight and have the build of good cross country men. Ames, 1908, has been out regularly this year and has been running better than ever before.

1910 UP, 1911 DOWN.

Sophomore Tug-of-War Improves. Freshmen Getting Poor.

Tug-of-war prospects for 1910 look a little brighter. The men who have been out regularly are showing fair form and are getting into condition once more. A four-minute pull on Friday left the men who had been out regularly in good shape. This shows what can be done with the team if a large number of candidates will come out and do some hard work every afternoon.

Freshman tug-of-war practice is getting steadily poorer and a great deal of the interest shown in the work during the early part of the season has dwindled away. There are not enough men who come out regularly to make up a full team. Those who do are now in very good condition but there are not very many of them.

The practice on Thursday and Friday was very listless and poorly attended. The class of 1911 is manifestly throwing away a good opportunity of winning numerals on Field Day.

The outlook for the Freshman Relay Team has not seemed particularly bright lately. Attendance at practice has been very poor, and the men who have been out have had rather hard luck.

Cooley and Seligman were laid off on Friday, the former on account of the hard work he did early in the week and the latter on account of a tendon that is troubling him. Dolke is also out with a bad leg. Up to the present time very few candidates have shown up for the team.

Edward F. Orchard, '08, who was Col. Fessenden in last year's Tech Show, has accepted a position as instructor in manual training in the McKinley High School of St. Louis.

PROF. SEDGWICK TALKS PHYSIOLOGY.

Says Train Child in Facts of Hygiene.

"Physiology, the basis of physical education, ought and will be adequately taught in our schools," said Prof. Sedgwick at the meeting Friday evening of the Boston Physical Education society.

While commending school nurses, school medical inspectors, etc., he maintained that far deeper import is the instruction of every boy and girl in the basic facts of physiology and hygiene, so that they would never fall a prey to quacks and patent medicines, and would be able to lead a vigorous life.

NOMINATING COMMITTEES APPOINTED.

1909 and 1911 Prepare For Elections of Officers.

The 1909 nominating committee has been appointed by President Moses, as follows: A. L. Moses, chairman, A. K. Mitchell, J. I. Pinnie, F. G. Taite, P. E. Young. Announcement will be made in the course of the week of the opening of nominations.

The 1910 nominating committee is composed of the following men: C. S. Anderson, L. G. Odell, N. J. Smith, E. R. Davis, P. A. Cushman.

ORGANIZED AT LAST.

New Editors for Technique 1910. Business Begins.

Technique 1909 Board of Editors has organized. Owing to the numerous resignations the work has been held up until word was received from those who had left school.

Carl W. Gram, Arthur K. Mitchell, and John J. Elbert have been elected associate editors. Miss Helen McG. Longyear and F. G. Heard have been elected to the art staff. Miss Longyear has been elected Secretary.

Maurice R. Scharff has been made Business Manager, while R. H. Allen is acting as Editor-in-Chief.

Montague Flagg remains at head of art staff. A. H. Ginsberg of the art staff, has left school.
