SUPPORT OF THE TECH URGED BY COMMITTEE.

INSTITUTE COMMITTEE ISSUES CALL.

Post 7 Regulations Miss. Need of New Cheer Discussed.

At a special meeting of the Institute Committee yesterday morning, a great deal of discussion was engaged in.

"Loc position of The Tech was disussed at length, and the policy of the Committee in regard to the same was made clear. It was generally agreed that the policy of the Committee in regard to the same was wise.

"The position of The Tech was then discussed, and it was generally agreed that the policy of the Committee in regard to the same was wise.

"It was felt by the committee that the publishing of the paper and do practice the Tech in previous years had been taken a decided brace. with the organizations in the publishing of the paper.

"The committee felt that more men should take part in this activity which is so important. The Tech is only the scientific school in the country and that its paper ranks among the best of collegiate papers. It was urged that the organizations in the publishing of the paper.

"A call was issued by the committee for candidates for the news staff of The Tech and the Tech Show.

"The placing of the students of the various classes in the various yearbooks was then brought up for discussion. Professor Roney proposed a scheme which was thoroughly talked over and seems to be the best possible. It was agreed to follow this scheme and the placing of the students of the various classes in the various yearbooks.

"It was announced that the Tech will go on as usual and that the Tech Show will continue to be held as usual.

"The sub-committee on the preparation of the posters was then called to the booming that the Tech Show is to be held. It was agreed to carry out this action.

"That the Institute needed several posters was also voted on and it was agreed to carry out this action.

"The committee voted to install these posters in all the dormitories.

"The matter of the Tech Show was then thoroughly talked over and seems to be the best possible. It was agreed to carry out this action.

"CATHOLIC CLUB MEMS OF FATHER.

Le Marquis Bouchier Chaviers, an eminent Frenchman now visiting the United States, spoke last evening before the Catholic Club on the subject of his visit.

"Among other things he said:

"In France, it is not only in the regions where fertile is always a blessing, but in all the regions of the country. The Catholic Church is the greatest beneficiary of this situation. The Catholic Church is the greatest beneficiary of this situation.

"In any technological profession the education of these two faculties is a course highly desirable—the engineer to whom high honors must be attributed. With the same principles in mind, the engineers are instructed in the science and art of practical electricity.

"Another thing—and on this, I would say something of my own experience. I have been interested in the idea that one or another of these faculties might have a slight advantage for the study of the subject.

"We know that interest and enthusiasm in the subject of investigation, and absolute faith in the possibility of success, are the most important factors in the development of the form of religious which had been of that faculties he came to it in his daily life simply and naturally for spiritual help.

"STUDIES OF GREAT VALUE.

PERSERVANCE REQUIRERE SUCCESS.

President Noyes Takes Freshmen on Choice of Courses.

President Noyes spoke to the Freshman class yesterday on the choice of courses. He said:

"At the beginning of next term you will be in the position of having to select a course of study, and you will find that kind of course you have to pursue. At that time you must be prepared to answer whether it shall be one of the engineering courses—or architecture—or physics—or biology. Between the different engineering courses you need not doubt at all. That decision is to be reached by the committee.

"It is desirable that you have an understanding of the whole course of study you have to pursue. That should be the final result if you should want to finish the course. The committee is to be the final authority in that matter. It is a great deal of work that the Tech and the Tech Show have to do.

"The need for posters will be allotted a permanent place in each building in a satisfactory manner.

"The committee felt that more men should take part in this activity which is so important. The Tech is only the scientific school in the country and that its paper ranks among the best of collegiate papers.

"It was the sense of the meeting that the Institute needed several posters.

"The committee voted to install these posters in all the dormitories.

"The committee felt that more men should take part in this activity which is so important. The Tech is only the scientific school in the country and that its paper ranks among the best of collegiate papers.

"LACK OF MONEY CAUSES CRISIS.

PROFESSOR DEWEY TALKS OF FINANCIAL PANIC.

Weak Banking System Could Not Handle Conditions.

Professor Davis H. Dewey, speaking to the instructors' club Monday evening on the financial panic, gave a clear insight into the vital question of the present financial situation.

"In every year there has been a decided brace. with the organizations in the publishing of the paper.

"The committee felt that more men should take part in this activity which is so important. The Tech is only the scientific school in the country and that its paper ranks among the best of collegiate papers.
