USE OF COPLEY HALL AS A TEMPORARY WALKER MEMORIAL SUGGESTED BY THE TECH.

RESOLUTIONS PASSED.

Calls Class Meetings For Consideration

The plan of using the Copley Hall building for a temporary Walker Memorial made at such time as the Institute moves, which had been suggested to the President of the Institute Committee by the Board of Editors of The Tech, was brought up at a special meeting on Friday the 20th of December. The matter was thoroughly discussed and the following resolutions were passed:

1. Wherever the Walker Memorial building, which was designed to satisfy this demand, cannot be built until the Institute has been established; and

2. Wherever the Walker Memorial building, which was designed to satisfy this demand, cannot be built, we propose that the use of Copley Hall be considered as a temporary Walker Memorial, and that copies of the resolutions be presented to the Faculty and published in The Tech.

The place where this temporary Walker Memorial building can be located is in the rear of Engineering Building A and B, and the Parker building. The building is owned by the Institute and is leased to the Copley Society of the Massachusetts Institute of Technology, the building known as Copley Hall, and we propose that the use of this building be considered as a temporary Walker Memorial building.

This amount is variable, no definite statement being given by the various authorities. As is pointed out elsewhere, the Institute is not in a position to lose the rent from the building, but if the building is used as a temporary Walker Memorial, it can be rented by the committee in charge of this fund.

The need of such a building, and the suitability in every respect of this particular building seems very apparent to the Institute Committee. It is resolved that the Institute Committee heartily endorses the plan for so utilizing Copley Hall, and that copies of this resolution be presented to the Faculty and published in The Tech.

SUGGESTION ENDORSED BY INSTITUTE COMMITTEE.

The Tech that they hereby suggest that

RESOLUTIONS PASSED.
