FENCING ON MORE STABLE BASIS.

(Continued from page 1.)
Manager Moses and the candidates for assistant manager, E. R. Jordan 1910, M. S. Chapin 1910, and L. F. Atwood 1911, have received subscriptions for about 850, 850 of which has been paid. Unless the balance of this money is paid promptly the men who are subscribed will be impossible to keep up the present system of coaching and the team will lose in efficiency.

The schedule now is as follows:
Jan. 11—Springfield Training School at the Gym.
Jan. 13—Harvard and Yale at the Gym.

Negotiations are under way for another triangular meet with Penn Yan and Cornell. TheNeutral intercollegiate meet opens the last of March in New York. Manager Moses goes to New York Monday to take the intercollegiate meeting of managers and captains to arrange for the date of the meet.

Capt. Loring says, "If the fellows keep on steadily and continue to show the improvement which they have lately, I think we stand a good chance against Springfield and Harvard. Yale is the only team we have to fear." The general sentiment is that the team has won nothing but respect until now, but that they will lose nothing by the experience of a match against the Yale eleven.

The last important matches in New York this season will be held at 25 St. Botolph St., Saturday, 8.30 P.M. The four matches will be fought, a prize fencing duel on the bill, and a boxing and wrestling match.

Tickets for the exhibition may be obtained by a subscription of $2.50 or $5.00.

The President, M. Cotton, is at present engaged in33.
