HOCKEY TEAM WINS FROM PRINCETON AND WEST POINT.

SQUAD HAS WON FIVE OUT OF SEVEN GAMES.

Yale and Princeton are Tech’s Only Conquerors.

Princeton and West Point both went down to defeat before the Hockey Team last week, the team now having a record of five games won out of seven played. A trip was made last week, one game against being lost to Yale and Princeton, besides the victory over Princeton and West Point.

The Hockey Team’s first victory was over Harvard on Jan. 11, 4-2. Tufts went down to defeat at Franklin Field, 1-3. Tech scored all her goals in the first half, playing a very ragged game in the second. Tufts showed lack of get-up.

Bostonian was next defeated on Jan. 18, 3-2 in overtime. The game was played throughout the second. Capt. Ford and H. Lockett were Tech’s stars.

Last Wednesday the team left Boston to San Francisco for a two-week tour of the Pacific Coast. The trip will cover the games against the University of California, Cal Tech, Stanford University and the University of Washington. The return trip is to be made by way of the Aleutian Islands for the purpose of gathering scientific data, especially with reference to the Geological Survey’s efforts to obtain the maximum information of some of the most interesting and ancient rocks of the American coast. A great honor has just fallen to the Institute in the appointment of Prof. Jagger who will have the charge of the scientific data, especially volcanology.

Relay Team almost broke world’s record.

In B. A. A. Games easily defeats Williams.

If pushed Tech Idea would have set a new time.

With the fastest time made in the B. A. A. Meet, the Technology Relay Team came within 2.5-4 seconds of the world’s record for this distance. If the Williams quartet had been last but four to the Tech, the score would have been 4.6.55. Tufts went down to defeat at Franklin Field, 4-2. Tech scored all her goals in the first half, playing a very ragged game in the second. Tufts showed lack of get-up.

Bostonian was next defeated on Jan. 18, 3-2 in overtime. The game was played throughout the second. Capt. Ford and H. Lockett were Tech’s stars.

Copley Hall Plan again approved.

Lack of room for student activities emphasized.

Several organizations, since the beginning of examinations, have drawn up resolutions endorsing the movement to utilize the Copley Hall as a Union. The following resolutions have been received:

From the Engineering Class:

Whereas: The need of a social gathering place as the Copley Hall building will furnish, for such a dialog hall as has been spoken of, and for such quarters as are indispensably needed for the student activities, together with the approval by the four classes of the suggestion that Copley Hall be used for such purposes. For the Undergraduate Classes, (Signed) HARRI E. RAVELY, President of 1910.

(Signed) CARL W. CRAM, President of 1909.

(Signed) TOM W. BAY, President of 1910.

(Signed) SCOTT P. MIDDLE, President of 1911.

From the Technique 1909.

Whereas: The Technique 1909 Board of Publication feels, from its own experience, the most disadvantages of the present crowded condition under which those engaged in student activities are to work. Among the students of the Institute for such a social gathering place as the Copley Hall building will furnish, for such a dialog hall as has been spoken of, and for such quarters as are indispensably needed for the student activities, together with the approval by the four classes of the suggestion that Copley Hall be used for such purposes. For the Undergraduate Classes, (Signed) HARRY A. RAVELY, President of 1910.
