INVESTIGATIONS IN PHYSICO-CHEMISTRY.

Sixteen men are at present carrying on investigations in the laboratory of physical chemistry, ten of whom are devoting their whole time to research work. The laboratory is now in its fifth year. The new members of the staff are Prof. Charles E. Lord (Ph. D. Harvard), Mr. John Johnson (B. Sc. St. Anselm), Mr. Roger Gale (S. B. Massachusetts Institute of Technology). The laboratory is now in its fifth year. The results of the numerous investigations now in progress have been evolved.

The competition began on Feb. 12, when the program was given out, and the final preparations are due on Fri., March 12. Today the final sketches are to be prepared, the whole class and the next two weeks are to be spent on the final drawing.

RELIGIOUS LIFE STILL PRESENT.

The competition was held at the New York Water Company Building. The competition was held at the New York Water Company Building. The competition was held at the New York Water Company Building.
