NOTICE.

A very important mass meeting will be held in the Union on Wednesday, March 6, 10.00 P.M. All students should make it a point to attend. Called by the Infantile

CRUISE II ALSO UNDERGOES CHANGES.

LANGUAGE REQUIREMENTS ARE DECREASED.

Prof. Lanza Votes Need of Loco Testing Plant.

Notwithstanding the changes that have been going on for some time in the course in mechanical engineering, the Institute and the concerned instructors have recently examined our ability to meet the needs of the modern developments in engineering practice, it has been found necessary by the department to gain more time for a number of subjects, reports Prof. Lanza, head of the department.

Accordingly, one year of study of dynamics, it has been decided not to require any more, and the time thus gained has enabled the department to increase the number of hours devoted to literary subjects, applied mechanics, steam engineering plant design, and electrical subjects.

The Commonbankruptcy of Technological.

In the year of our Lord one thousand nine hundred and eight and the forty-seventh of the Independence of the United States of America, we call to the following excerpt from time to time: "The following formal declaration exhib-

TECH MEET CONVENE ON THURSDAY.

TECH DAY TICKETS S-NT OUT.

Each Student Will Receive Ten Tickets.

Fifteen thousand tickets for Tech Day at the Hippodrome were sent out last Friday, and it will be remembered that this year's meeting will be held in this receive in our meeting's schedule on March 11. All those qualified to receive these tickets, should attend the meeting, attention being called to the following except from the list of orders sent out with the tickets:

"One thing we want to especially call attention to is that we have only until MARCH 22D to dispose of these tickets, and unless we sell them by that time we will have no further interest in them.

"At a circus, more than at a theatre, it is most important that you get your seats purchased as early as possible, rather than later.

"To be fair to every ticket holder, it is necessary that you are seated on the same day; so take your 'tip' and go down and get your seats as early as you can.

"We can get the UNION if we can raise the money, and we can raise the money exchanged.

"Right away, and send the money for the same day; so take our 'tip' and early because many of the seats are in them.

"In regard to the tickets, attention is that we will be held in the Tech Union at seven thirty forty-seventh of the Independence of the Plains itself:

"The Cominonbankruptcy of Technological.

WINDY CITY LADS GONE TOGETHER.

Twenty-two of the members of the Chicago club gathered at the Marlfield Hotel last Friday evening. A meeting was called to order by the President, L. A. Loomis 1908, and the following officers were elected:

A meeting after the dinner resulted in the election of the following new members:

MORE SNAP IN CONCERT.

Musical Clubs Make Hit in Newton.

West Newton was the scene of the support of the Musical Clubs Friday evening. The concert was opened with more snap than on any occasion, and the audience was enthusiastically received by the audience. The concert was followed by a dance.

TO VISIT HERALD BUILDING.

Mechanical Engineers Will Also Meet at Building.

The Mechanical Engineering Society has arranged to visit the Herald Building, and the Tech Society has been asked to come over to make up for the time lost. Options 1 and 2 will go to the Herald building, Tuesday, March 5.

The next meeting of the Society will be held at the Tech, Thursday, March 6. The Technical Society will have a meeting this afternoon at the Union, Thursday, March 6.

If it is desired that all other members of the Society group themselves as far as it is possible to keep the sections nearly equal in number. The party will meet in Eng B at 1:45 P.M.

The TECH SHOW has been thus far very successful, and the Institute of Technology, Boston, is commended and especially the organization of its愚蠢 students.
