INSTITUTE AND CLASS.

 Tomorrow will be held the annual spring track meet and class games. It is in all respects the best athletic event of the year which concerns Technology men alone. For that reason if for no other, every Tech man should be present at the meet.

But the event also decides the spring championship in track athletics. All the classes have entries and there is keenest kind of competition between the men entered in the contests. To these men is due the support of their classmates. Therefore if a man belongs to any class at the Institute he should be there Saturday, for does not belong to any class he may have a slight reason for staying away.

COMMUNICATION.

To the Editors of The Tech:

Technique 1909 accepts the challenge of the Tech for the press championship of the Institute, but thinking it unfair that The Tech should make all the criticism requests the following additional terms:

1a. That as many of The Tech team attend the Junior Prom as do members of Technique nine, or else.

1b. That the date be changed to April 22, or some other suitable time.

2a. That there be something on third base to make a three-bagger worth while, to be supplied by the losing team.

If an agreement can be reached on a basis of these conditions, Technique throws down the gauntlet, and offers fulfillment of all terms.

LADY MUSCROPP.

Since The Tech expects to support the Junior Prom the Institute, in every editorial and reporter capacity, it satisfies the above mentioned conditions, and accepts all of the several terms proposed by Technique nine, and single exception of one sub. B. For, as usual, The Tech is earnest and anxious to bleed for any deserving student activity.

ARTHUR CLINTON RICHMOND 1908.

A. C. Richmond, Class of 1908, died at East Taunton on Monday, April 6, from nervous breakdown brought on by overwork and worry. He was elected to the Institute with 1908, but was forced to remain out a year on account of congestion of the lungs, returning last year to continue his course. He left the Institute last June to secure money to continue, and took as Professor Richards’ private assistant up to a few days before his death. He handled successfully an advance in salary on account of his good work. His death comes as a great shock to his parents, Professor Richards, and his co-workers in the printing department.

The funeral will be held Saturday at 12 M., from the home of his sister, Mrs. Isabel E. Gammans of Taunton. A party of Institute men are to attend. Those who wish to attend may take the train to Taunton from Back Bay train at 4:45 A.M. Saturday. A trolley train will be taken from Taunton to College center, a ride of 20 minutes. There will be some sing and at Taunton to meet the party. The printing department students are to some honor. Several Institute men will be pallbearers.

HITS IN MUSICAL CONCERT.

Junior Week Event Promises Catchy Number.

Hard work on the part of all concerned in preparing the Musical Club for a spring concert to come on Friday evening will no doubt result in a number of hits than any in their history. The Mandolin and Banjo clubs are practicing twice a week and the Glee Club is rehearsing something worth while is some sure bits as usual, among them a medley of college songs and a march with chorus for the members to show their versatility to good advantage.

The concert will be held in the New Building. Building as usual, and will be followed by a dance of fourteen numbers. The prices are moderate, $1.00 for orchestra seats with privilege of attending the dance afterwards and 50 cents for balcony seats for the concert only, so a large attendance is hoped for. In this last concert has always been one of the most popular of the season’s activities.
