The Talbot 1908, L. W. Job. Talbot team the next fall, every effort is being made towards a cup for this race. As this crop will be kept in the Union with the numlerals of the winning class each year, the number of names taking part in the race is not limited in any way and there will be no disqualification therein.

Subscriptions are now being collected towards a cup for this race. As this cup will be the gift of former cross country men it will be called the “Cross Country Annual Cup.” This cup will be kept in the Union with the relative strength of the two colleges, defeating the Chemists.

The race was finished last year, but this year’s race will be longer. The winning team will be announced in the Union.
