EDUCATION STUDIED

(Continued from page 1)

Dr. Rockwell, and Captain Gran Urge Participation

Dr. Rockwell, of the Advisory Committee on Athletics and holder of the Tech record for the quarter mile, addressed the mass meeting in Honeywell Hall Monday in the interest of

"the history of athletics at the Institute, the conditions fifteen years ago, when it was as much as a man’s life to go out for a team, with the present conditions, with the faculty favoring development as a necessity for an engineering life.

Capt. Gram of the track team urged the men to get out for full track work, whether for the relay teams, in preparation for the fall meet, or for the cross country team. The latter, he maintained, was the most important to the Institute, as the outcome of this year’s intercollegiates will decide whether Tech shall become a member of the Intercollegiate Cross Country Association.

THES ES offers

The J. K. Brill Co. of Philadelphia offers the seniors of the technical school the United States $4000 in prizes for those on the subject: "Design and sign of an Electric Bicycle for City Service." A thesis to be eligible for the prizes need not be prepared especially for this contest but may be the thesis prepared in connection with senior engineering work. The degree of prizes may be obtained from the offices of the above company.
